SOLUTION

Get **OUTSIDE**, get more **SUN*** and **FRESH AIR**, get **GROUNDED**, get **NAKED**, **BREATHE**, **LAUGH**, have **FUN**, have **SEX**, and **RELAX**.

REMEMBER:

Focus on the GOOD to Eliminate the BAD! Turn off your TV and get OUTSIDE!!!

And when in doubt...

Focus on My 5 Steps

Build powerful health, defend against the stress of all this insanity, and **change your life!**

*Sunlight alone kills the Coronavirus

STEP 1:

NUTRITION

Everyone needs a constant, rich, and easy-to-assimilate supply of nutrition in their body and blood at all times. If you want your body to repair and heal, this is critical. ALL Americans fall short of these minimal levels. Therefore, I supplied all of my patients with my SuperFoods—the richest, most nutrient-dense herbs and foods on the planet.

THIS MONTH:

STEP #2: ELIMINATE

Almost every American is constipated and eventually develops bowel disease. This retention of toxic waste poisons your body, depresses your immunity, and keeps you from self-repairing. Get super-nutrition IN and get the accumulated waste OUT—these are the first two of my five steps that will thrust your body into self-healing.

STEP 3:

IMMUNE

The stress of modern life beats you up, depleting and depressing your immune system. Your immune system is the most important system to protect and heal you. For most people, their immune system is limping if not almost dead. Supercharge your immune system and watch your body come alive.

STEP 4:

DETOX

No one would expect their car engine to run forever without some routine cleaning and maintenance like oil changes and radiator flushes. This is common sense. Routine preventative maintenance using my simple 5-Day Detoxes a few times each year created even more miracles in my clinic.

STEP 5:

SPECIFICS

Using these formulas, I would get my patients to take care of their little problems—correcting imbalances and addressing specific issues—before they grew to full-blown problems. An ounce of prevention is much better than a pound of cure.

The **POWER** of Dr. Schulze's **Formulas!**

PURE

Making the most potent and effective Herbal Products, starts with using the HIGHEST QUALITY HERBS.

First, I use Organic herbs because it doesn't make any sense to consume herbs for healing your body that are sprayed and treated with toxic and dangerous chemicals, insecticides, pesticides, chemical fertilizers and other farming pollutants. More chemicals in our environment pollutes the air we breathe, the water we drink and the food we eat. Worse, these poisons cause disease. I will not try to help you get healthy while at the same time poisoning our planet.

Furthermore, Organic herbs are proven to have up to 10 times more healing phytochemicals in them. This is why my manufacturing facility is an Organic, Kosher and Vegan certified facility.

POTENT

What created miracles in my clinic was simple. The strongest formula, the highest dosages, and patients who were sick and tired of feeling sick and tired. While other herbalists feared hurting a patient, I feared failing my patient. Looking back, it was my clinical strength Herbal Formulas and my higher dosages that made miracles happen.

The industry standard is 10% herbs, maybe 20% herbs in the vats to make extracts. I fill my vats to the very top. My employees say the herbs spill on the floor, my competitors say I waste herbs, but my customers say THANK YOU! I always say, if your kids or parents are sick, OR YOU, do you want 10% or 20% herbs, or will you fill the vats to the very top with herbs like I do? Hell no, you'll cram as much healing herbs as you can into the vat and then even more.

PROVEN

The biggest difference between my herbal formulas and others you see in health food stores, well honestly, it's that mine work. I'm serious. See, other herbalists and herbal product manufacturers never had a clinic and didn't have thousands of patients like I did. So, they bottle their impotent herbal ideas and theories based on what they read in books, and hope they might work, but they don't. Over the decades, my patients taught me what works, and what doesn't.

I didn't want to be a doctor, but people knocked on my door anyway, hundreds, then thousands, so I had a lot of patients who really helped me refine my formula until I got it right. My clinic spanned 3 decades and now over a million people worldwide religiously use my herbal formulas. I guess that means they work.

The Dr. Schulze
DIFFERENCE.

GIVES ME PEACE OF MIND!

During this crazy COVID-19 pandemic, the stores in my area are depleted of hand sanitizers. I was thrilled to see Dr. Schulze's organic Hand Clean spray. I bought two so I could give my daughter one. It smells so good and makes my hands soft too. I use it to spray on doorknobs/handles too. Knowing it cleans without harsh chemicals gives me peace of mind. Thank you, Dr. Schulze!
