The Year of
Super-Immunity

Something **you can count on** in uncertain times...

Welcome to the Amazing World of **Dr. Schulze's Herbal Formulas**

When 2020 started, I had a feeling it was going to be a **very different year**. But I would **never have imagined** what that year turned out to be.

As if a once-a-century pandemic wasn't bad enough, we had record levels of unemployment, businesses closing and failing, social unrest, protests, looting, rioting and burning, schools closed almost all year, restaurants, churches, and almost everything closed, wearing masks all year, rubber gloves, a very divided presidential election, being shut-in... all of this creating unheard-of levels of stress, anger, frustration, and depression.

Never in my life have I seen more people stressed-out and unhappy than currently in America, which has led to increased levels of depressed immunity. Not good.

Right now, it is more important than ever to get STRONG and stay HEALTHY. 2021 must be a year of recovery for you and your family, and the foundation of that recovery is Creating Powerful Health. I will tell you exactly the best way to do this.

- Dr. Richard Schulze

2021: The Year of **Super- Immunity**

I have been saying this for **four decades**, and now it's **more important than ever**.

This year, we must be very vigilant, and our immune systems must remain super-strong. Now is NOT the time to let your guard down.

I want you to create for yourself and your loved ones many protective and preventative health protocols to build super-immunity.

So let's start 2021 differently than most years, with all of my immune support suggestions and protocols. See the following pages for the formulas that I use every day to build an Extraordinary, Powerful Immune System.

Dr. Schulze's Daily 2021 Routine

Friends, besides washing your hands 10 times a day (or more), using your PPE (Personal Protective Equipment), and avoiding crowds and especially sick people, I need you to go the extra mile this year...

NUTRITIONAL SUPPORT TO FUEL YOUR IMMUNE SYSTEM

"NUTRITION is the fuel that creates a powerful immune system."

SuperMeal, SuperFood Plus, and SuperFood 100

Many of the herbs in my immune formulas tell your body to increase and make more immune cells and immune chemicals. But what does your body need to create these cells—pizza, beer, junk food? Eating the typical American food program, you're not going to build anything except fat. I need you to FLOOD your body with NUTRITION every day, so you have the rocket fuel to build powerful immune cells.

Super-C Plus

Your immune cells have one primary nutrient that they need 24/7/365, and that's Vitamin-C Complex. I am not talking about the 98% of toxic ascorbic acid from China that's sold in most health food stores and pharmacies. I am talking about my Super-C Complex, a blend of 12 organic fruits, vegetables, and herbs that your body recognizes, utilizes, and assimilates. It's a Vitamin-C Complex BLAST!

SuperProtein Plus

Building strength and muscle are vitally important. You need a rich supply of clean plant protein to build-up your body after spending so much time indoors in 2020. I like to use a 50/50 blend of SuperMeal and SuperProtein Plus twice a day.

POWERFUL IMMUNE SUPPORT

"BOOST immune response naturally!"

C&F Herbal "SHOT"

This is my most potent blend of over 20 powerful immune-boosting herbs, and specific herbal vitamin concentrates. It gives you 1,000% of your daily Vitamin-C and strengthens your body's immune system like no other formula anywhere. This is why we call it the "ultimate weapon" to boost immunity.

Echinacea Plus and Children's Echinacea

Echinacea is by far the #1 immune herb in the world. Why? Because it tells your body to speed up the production of more immune cells like T-Cells, B-Cells, and Macrophages and also immune chemicals like Interferon and Interleukin. More immune cells and chemicals mean a healthier and more robust immune system and a stronger and more powerful immune response.

SuperTonic

This is a simple yet powerful tonic I created as my "college thesis" almost forty years ago. Since that time, my patients, and then my customers, have demanded it, calling it my "miracle tonic." The plants and herbs in this formula naturally support clear and open sinuses and lungs. With organic horseradish, onion, ginger, and garlic, it starts working immediately to stimulate an immune response.

Lung Tonic

Many of this year's problems seem to attack the lungs. If you can't breathe, you die. This formula promotes clearer breathing by opening up the respiratory passageways.

Throat & Tonsil Formula

This formula starts working immediately to protect and soothe your throat and tonsils and strengthen your natural immune defenses.

ENVIRONMENTAL SUPPORT

"PROTECT yourself when you are away from home!"

Hand Clean

Do NOT leave home without a bottle in your pocket, and use it constantly when you are outside the home, especially when touching door handles, railings, public bathrooms, and restaurant tables. KEEP YOUR HANDS CLEAN!!!

Herbal Shield

Every day, I cleanse my nasal passages with this 100% essential oil blend to support immune response. It's cooling and refreshing, and most important—protective.

Air Detox

In my clinic, I used 100% pure essential oils to detoxify the air. With a delightful eucalyptus/citrus scent, you'll want to keep a bottle in your bathroom, car, and office.

The easiest, most delicious way to boost immunity!

Dr. Schulze's Defender Drink

Dr. Schulze's Defender Recipe

In a blender add:

1 C&F HERBAL "SHOT"

Pour it in to get a clinically extreme dose of my immune-boosting Echinacea Blend, SuperTonic, 1,000% of your Vitamin-C Complex, and over a dozen additional immune boosting herbs.

SUPER-C PLUS, 1 LEVEL TEASPOON

This is a double dose, giving you an additional 1,000% of your RDA of Vitamin-C. You're now at 2,000% not including the fresh fruit!

8 OUNCES OF ANY JUICE

Mixed fresh citrus is best, and a touch of lemon or lime is awesome.

1/2 CUP OF ANY FRUIT

Strawberries, Blackberries, Raspberries, Blueberries are readily available, make it taste great, and add even more Vitamin-C. All fruits contain natural Vitamin-C.

4 OUNCES PURE WATER OR ICE CUBES

This can be more or less depending on your taste. Ice cubes will cool this drink to soothe sore throats.

A man with a grey beard and bald head, wearing a black shirt, is giving a thumbs up gesture. He is smiling and looking directly at the camera. The background is a lush green foliage.

5 Steps to Amazing Health

My 5 STEPS are very simple, common sense, but extremely powerful at switching on your body's super-healing ability.

STEP 1:

NUTRITION

Everyone needs a constant, rich, and easy-to-assimilate supply of nutrition in their body and blood at all times. If you want your body to repair and heal, this is critical. ALL Americans fall short of the minimum recommended intake of their daily vitamins. Therefore, I supplied all of my patients with my SuperFoods—the richest, most nutrient-dense herbs and foods on the planet.

STEP 2:

ELIMINATE

Almost every American is constipated and eventually develops bowel disease. This retention of toxic waste poisons your body, depresses your immunity, and keeps you from self-repairing. Get super-nutrition IN and get the accumulated waste OUT—these are the first two of my five steps that will thrust your body into self-healing.

STEP 3:

IMMUNE

The stress of modern life beats you up, depleting and depressing your immune system. Your immune system is the most important system to protect and heal you. For most people, their immune system is limping if not almost dead. Supercharge your immune system and watch your body come alive.

STEP 4:

DETOX

No one would expect their car engine to run forever without some routine cleaning and maintenance like oil changes and radiator flushes. This is common sense. Routine preventative maintenance using my simple 5-Day Detoxes a few times each year created even more miracles in my clinic.

STEP 5:

SPECIFICS

Using these formulas, I would get my patients to take care of their little problems—correcting imbalances and addressing specific issues—before they grew to full-blown problems. An ounce of prevention is much better than a pound of cure.

PURE,
POTENT,
& PROVEN
*That's the
Dr. Schulze
Difference.*

Pure

“ Making the most potent and effective Herbal Products, starts with using the HIGHEST QUALITY HERBS.

First, I use Organic herbs because it doesn't make any sense to consume herbs for healing your body that are sprayed and treated with toxic and dangerous chemicals, insecticides, pesticides, chemical fertilizers and other farming pollutants. More chemicals in our environment pollutes the air we breathe, the water we drink and the food we eat. Worse, these poisons cause disease. I will not try to help you get healthy while at the same time poisoning our planet.

Furthermore, Organic herbs are proven to have up to 10 times more healing phytochemicals in them. This is why my manufacturing facility is an Organic, Kosher and Vegan certified facility.”

PURE,
That's the Dr. Schulze
DIFFERENCE.

Beware of Fakes

Many herbal products I look at today in drug stores, and even health food stores, USE THE WRONG (or non-medicinal) PART OF THE PLANT!!!!

All herbs have a specific part of the plant that has the highest concentration of the medicinal HEALING chemicals. Often, the rest of the herb is thrown away. They use the non-medicinal part that we throw away because they can still say ECHINACEA on their labeling, even though they are using the woody stalk or leaves when the medicinal (and expensive) part of the plant is the root and seeds. Many vitamin manufacturers do this and customers just don't know.

It would be like eating the bark of an apple or pear tree, when it is the fruit that is the nutritional part. Or like eating spinach root, not the greens, or garlic leaves and not the bulb.

So BEWARE, there are many FAKE herbal formulas out there just robbing you of your money by selling you what I throw into my compost pile. Worse, they are robbing you of your health!

Potent

“What created miracles in my clinic was simple. The strongest formula, the highest dosages, and patients who were sick and tired of feeling sick and tired. While other herbalists feared hurting a patient, I feared failing my patient. Looking back, it was my clinical strength Herbal Formulas and my higher dosages that made miracles happen.

The industry standard is 10% herbs, maybe 20% herbs in the vats to make extracts. I fill my vats to the very top. My employees say the herbs spill on the floor, my competitors say I waste herbs, but my customers say THANK YOU! I always say, if your kids or parents are sick, OR YOU, do you want 10% or 20% herbs, or will you fill the vats to the very top with herbs like I do? Hell no, you'll cram as much healing herbs as you can into the vat and then even more.”

POTENT,
That's the
Dr. Schulze
DIFFERENCE.

Proven

“The biggest difference between my herbal formulas and others you see in health food stores, well honestly, it's that mine work. I'm serious. See, other herbalists and herbal product manufacturers never had a clinic and didn't have thousands of patients like I did. So, they bottle their impotent herbal ideas and theories based on what they read in books, and hope they might work, but they don't. Over the decades, my patients taught me what works, and what doesn't.

I didn't want to be a doctor, but people knocked on my door anyway, hundreds, then thousands, so I had a lot of patients who really helped me refine my formula until I got it right. My clinic spanned 3 decades and now over a million people worldwide religiously use my herbal formulas. I guess that means they work.”

PROVEN,
That's the Dr. Schulze
DIFFERENCE.

STEP 1: NUTRITION

Your body has the ability to create Miracles.
It just needs a little help.

“ I learned in my clinic, with EVERY patient, powerful NUTRITION is the beginning, the foundation of Amazing Health. You have no idea what healing miracles your body can perform when it has a constant, rich and abundant supply of vital nutrition running through your bloodstream. And even if you're healthy, you have no idea how great you can feel, and how much energy you will have, when you flood your body daily with nature's powerful nutrition.

You want to build hormones, immune cells, brain chemicals, nerve cells; you want healthy organs to feel younger, look awesome and have endless energy, then get some powerful nutrition into your body and bloodstream every day. I designed my nutritional formulas in my clinic to save lives and they created miracles.

Modern life destroys nutrition. Modern medicine is on the defense trying to kill disease after you get it. That's hard, doesn't work very well and costs you your life savings. I say let's get on the offense and not get sick in the first place.

Because every cell in your body needs a constant abundant supply of high quality nutrition. EVERY CELL, Brain cells, Immune cells, Heart cells, Liver cells, Nerve cells. ”

– Dr. Schulze

“ I first formulated my SuperFood right in the kitchen of my clinic. I was desperate, my patients were dying, and the results were miraculous. ”

Energy Levels Through The Roof!

"My wife and I recently decided to try drinking SuperMeal every morning for breakfast. And, wow, the results are amazing. We don't feel hungry again for hours and our energy levels are through the roof! Thanks."

SuperFood PLUS

Why I Made This Formula

I designed SuperFood like all of my formulae in my clinic. It was my last-ditch effort to save my patients and bring them back to life. SuperFood did just that! I would make juice and blender drinks right in the kitchen, and add every herb and food that I knew would provide the most potent and powerful vitamins or minerals. My SuperFood was responsible for many of the miracles that happened in my now-famous clinic. A few years later, I started giving it to ALL of my patients.

Benefits

EVERYTHING that your body wants to do and needs to do—not only to keep you alive and functioning, but to run and repair itself, and beyond that, to feel awesome—demands a constant supply of nutrition to be in your bloodstream. Without complete nutrition, it's the same old, same old, day after day, feeling blah and just surviving. SuperFood will change that. It will make you feel AWESOME! I don't want you to just survive.

I want you to THRIVE! You need 100% of your daily vitamins just for survival, but SuperFood Plus gives you up to 500% of your daily vitamins! Be energetic. Be exceptional!

The Dr. Schulze Difference

Most nutritional products are nothing more than chemotherapy; man-made chemicals designed to try and mimic what scientists “think” are the important parts of food. I trust in God and nature. Instead of trying to copy it, I just use it. Mankind will never be smart enough to do that. Food and herbal nutrition is the kind of nutrition that your body recognizes, and more importantly,

Brought Mom Back to Life!

“Your SuperFood has changed my life and saved my mother who will be 102 this summer. It literally brought her back to life. She'd been in bed for months. She was giving up and said she had no more energy left to live. I didn't know what to do, so I just started making her SuperFood every morning and afternoon. In less than three weeks she was up and putting around the house and driving me crazy. Now she wants to go out all the time and the other day I refused to go out so she said: Well, then let me drive the car!”

STEP 2:

ELIMINATE

These formulas take a unique approach to **promoting regular bowel movements** by strengthening the muscles of the colon to work more effectively.

“Every single patient in my clinic had retained waste somewhere in their body, and most often it was in their bowel. Why? I have three reasons for this...

FIRST, ALL animal foods—meat, eggs, and dairy—have absolutely NO fiber. So, when we eat it, it's really hard to get that grease and fat out of our bowel. Add in wheat and flour products, and now you have a heavy paste. SECOND, we don't move our bodies enough, and a sedentary lifestyle promotes constipation. THIRD, we have plenty of stress, major stress, which also causes constipation.

Add this up and you can clearly see why Americans have the highest incidence of constipation on the planet!

Even worse, retained fecal waste causes everything from bad skin, bad breath, and backaches, to headaches and low energy.

In the clinic, getting the excess waste OUT, along with increased nutrition, had the biggest impact to greatly increase my patients' overall health. ”

– Dr. Schulze

“My patients were always so amazed at how much better they felt after having regular and complete bowel movements!”

Wonderful Stuff!

"I had been so backed up, but once I took Intestinal Formula #1, within a few hours I was able to go with no problem. Wonderful stuff."

STEP 3: IMMUNE

A healthy and strong immune system can be the key to managing stress, sleeping well, and for **looking and feeling great throughout a long life.**

“Never before in the history of mankind have we had so much stress.

First, there is the PHYSICAL stress from eating more toxic chemicals than ever existed before, and from the highest consumption of junk food, fat, sugar, grease, soft drinks, snacks and candy than ever before. Add to that the physical stress of insufficient sleep and exercise, and you have a recipe for disaster.

Now, add to that the EMOTIONAL stress of every day life. Today, our brains are being constantly bombarded and polluted with more information in one day than the average person had in their entire life just 100 years ago. My patients were literally run over on the information highway.

Every patient that walked into my clinic was beat up, run down, and worn out, which caused a depressed immune system.”

– Dr. Schulze

“Building a strong and powerful IMMUNE System is literally the antidote to the negative onslaught of modern living—especially life in the fast lane!”

STEP 4:

DETOX

Routine cleansing of all your major elimination channels to stimulate, flush, and tone your body is **essential for optimum health.**

“Every single one of the 37 trillion cells in your body creates metabolic waste as it functions. Therefore, the constant elimination of this cellular waste is of the utmost importance to PROTECT you and create POWERFUL health.

Every cell relies on your body's “garbage disposal” systems—like your bowel, liver and kidneys—to remove this waste from your body.

When any of these waste disposal systems gets congested, sluggish, or slows down, your cellular waste starts backing up. This is a serious problem.

At first, you'll feel bad, have low energy and headaches, because you are living in a polluted body. When these systems back-up or stop, you become really sick and can even die.

Like preventative maintenance for your car, routine seasonal detoxification is preventative maintenance for your body. It protects you and keeps you strong and healthy. ”

– Dr. Schulze

“My 5-Day Detox programs were designed to cleanse and detoxify your Bowel, your Liver, and your Kidneys. This is preventative maintenance for your whole body! ”

What Products Should I Use For Particular Health Complaints?

A healthy lifestyle comes first! Dr. Schulze always says, “True healing comes from creating a healthy lifestyle, stopping the things you did that made you sick in the first place, and starting new programs of health and wellness, like healthy food programs, elimination programs, detox programs, exercise programs and programs that create emotional wellness. This is true healing!”

So work on getting YOU well by adopting these principles, and don’t try to change your life by ONLY using his herbal remedies—change your life by changing YOU! Being proactive first is what counts!
