When Only **The BEST Matters!**

My company, Dr. Schulze's American Botanical Pharmacy, is a family-run company. I have been at the helm for 50 years and I have no plans of going anywhere. After all, it's who I am and what I do. And to understand why I make the highest quality, most potent, and most effective herbal products anywhere, you should understand that I studied and apprenticed with the two most prominent and famous American clinical herbalists and natural doctors of the last mid-century, the late Dr. John Ray Christopher and Dr. Bernard Jensen. Moreover, I ran my own clinic spanning 3 decades where I helped thousands and thousands of patients regain their health using only the herbal medicines that I manufactured in my clinic, and using my natural healing routines.

Having 3 decades of patients taught me what works, and what doesn't. Without patients, what you think you know is just impotent theories.

Unfortunately for the herbal product business in America, most herbal companies today don't even have an herbalist in the company. And the few that have an herbalist, that herbalist never had a clinic and never had any patients. They are basically virgin sex counselors bottling their herbal theories hoping they might work while others are just trying to copy my formulas.

The bottom line, when any of us are sick at Dr. Schulze's, we take the exact same Dr. Schulze herbal products that you do. We are in this together, so from my family to your family, I appreciate your trust and confidence in us and we will always do our absolute best for you and your family. **And I promise to manufacture the finest quality, purest, cleanest, most effective, and clinically proven herbal formulae in the world.**

Step 3: **IMMUNE**..... 46

Modern life destroys your immune system. Supercharge your immunity and watch the miracles happen.

Step 4: **DETOX**..... 58

No one would expect their car to run forever without oil changes and radiator flushes.

The Dr. Schulze **DIFFERENCE**

The industry standard is 10%,
maybe 20% herbs in the vat to make extracts.
I fill my vats, to the top, 100% with herbs.

**My competitors say I waste herbs,
but my customers say
THANK YOU!**

There are many differences between my clinical herbal formulae and other companies' herbal crap.

It's all based on the fact that I am an herbal doctor who ran a clinic that spanned decades, where I successfully treated thousands and thousands of patients.

Other herbal companies (most of whom don't have an herbalist on staff) mix trendy herbs and make hypothetical formulas. They hope their bottled theories might work, even though they don't know which part of the plant to use. Also, their quality is garbage because they buy the cheapest herbal junk to make their made-up formulas—because they are focused on your wallet, not your health! My focus has always been on you and your family.

I achieve this in THREE ways...

PURE

First, I use only the highest quality organic and wild-harvested herbs.

I use organic herbs because it doesn't make sense to consume herbs to heal your body after the grower has sprayed and treated them with toxic and dangerous insecticides, pesticides, chemical fertilizers, and other farming pollutants. These chemicals in our environment have polluted our air, water, and food, causing many diseases. I can't help you get healthy while also poisoning our planet.

Further, studies prove that organic and wild-harvested herbs have up to 10 TIMES more healing phytochemicals than conventional herbs.

Beware of Fakes

Many herbal products in drug stores and health food stores use the non-medicinal part of the plant because they can still say ECHINACEA on their labeling, even though they are using the woody stalk or leaves when the medicinal (and expensive) part of the plant is the root and seeds. It's like

eating the bark from an apple or pear tree when the fruit is the nutritional part.

So BEWARE of the many FAKE herbal formulas out there stealing your money by selling you what I throw into my compost pile. Worse, they are robbing you of your health!

POTENT

Second, I make all my formulae in my herbal production facility that are the strongest, most powerful, and most POTENT available anywhere.

The industry standard is 10%, maybe 20%, herbs in the vats to make extracts. But I fill my vats to the top! If your kids or parents are sick, OR YOU, would you want a measly 10 or 20% herbal blend? NO! You would cram as many healing herbs as possible into the vat as I do! My competitors say I waste herbs, but my customers say THANK YOU.

What created miracles in my clinic was simple: The strongest formulae, the highest dosages, and patients who were sick and tired of feeling sick and tired. While other herbalists feared hurting a patient, I feared failing my patients. Looking back, my clinical-strength herbal formulae and higher dosages created MIRACLES.

PROVEN

Third, I make the same clinical herbal formulae proven in my clinic to be highly effective with proven results.

The biggest difference between my herbal formulae and others you see in health food stores, well, honestly, it's that mine WORK. I'm serious!

Other herbalists and manufacturers never had a clinic and bottle their impotent herbal theories based on what they read in books. And they hope they might work, but they don't.

Over the decades, my patients taught me what works and what doesn't. I didn't want to be a doctor, but people knocked on my door anyway, hundreds, then thousands, so I had a lot of patients who helped me refine my formulae until I got them right. My clinic spanned three decades, and over a million people have used my herbal formulae worldwide. I guess that means they WORK.

Sr. Production Manager*

How To Create Vibrant Health!

Before I started ANY of my patients on my specific programs and formulas, EVERY patient had to first do THE BASICS. No matter what their issue was, no matter what their symptoms were.

EVERY patient in my clinic started with common sense, good-health basics! First, FEED your body super nutrition for greater health. Second, REMOVE the toxins and waste that cause poor health. And third, STRENGTHEN your body's immune system to promote overall health.

The simple truth was that 95% of my patients were WELL after

finishing these 3 BASIC STEPS. That's right—before I ever got to treat their specific problem, their problem was GONE!

See my entire line of Nutritional Herbal Formulae, my Digestive & Elimination Herbal Formulae, and my Immune Boosting Herbal Formulae to get the support you need to WIN! Like my patients, when you start these common sense herbal formulae, within a few weeks you will probably forget what was wrong with you in the first place. These are the formulae that helped Create Vibrant Health in my clinic, and now for thousands of my customers every day!

Three Generations

The reason why 95% of my patients got well quickly:

3 Keys to Natural Health!

Nutrition IN

Having a rich supply of NUTRITION in your blood gives you energy, vitality, and strength, protects you from disease and illness, and if you get sick, speeds up your recovery dramatically.

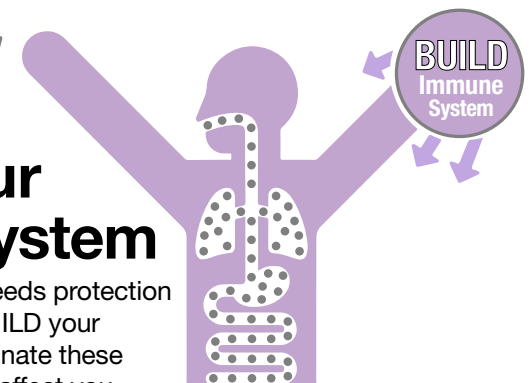

Waste OUT

Removing the accumulated WASTE in your body is the best way to regain health and stay healthy. If this waste isn't eliminated regularly, it will cause your body to become backed up with poisons, making it sluggish and unhealthy.

BUILD Your Immune System

Every cell in your body needs protection from foreign invaders. BUILD your immune system and eliminate these invaders before they can affect you.

STEP 1:

NUTRITION

Your body can
Create Miracles!

It just **needs**
your help...

Watch
Dr. Schulze's
**Two-minute
Video on
Nutrition!**

I learned in my clinic, with EVERY patient, that **powerful NUTRITION is the foundation to Amazing Health.**

And if you're not operating at peak performance...**powerful NUTRITION can create the Health Miracle you need.**

Vitamins are essential organic compounds that you need to eat every day. Your body can't manufacture them, they are VITAL. That's where the name VITAMINS comes from.

The main reason your body runs down and breaks down is because your body doesn't have enough nutrient fuel to do its job.

So, if you need hormones, immune cells, nerve cells, healthier organs, and richer blood, you can't build all that with soda and junk food, but with Super-Nutrition anything is possible!

Increasing your nutrition is the simplest solution to maximizing the potential of your body, mind, and spirit.

Your body has the ability to create Miracles. It just needs a little help.

I learned in my clinic, with EVERY patient, powerful NUTRITION is the beginning, the foundation of Amazing Health. You have no idea what healing miracles your body can perform when it has a constant, rich, and abundant supply of vital nutrition running through your bloodstream. And even if you're healthy, you have no idea how great you can feel, and how much energy you will have, when you flood your body daily with nature's powerful nutrition.

You want to build hormones, immune cells, brain chemicals, nerve cells; you want healthy organs to feel younger, look awesome and have endless energy, then get some powerful nutrition into your body and bloodstream every day. I designed my nutritional formulae in my clinic to save lives and they created miracles.

Modern life destroys nutrition. Modern medicine is on the defense trying to kill disease after you get it. That's hard, doesn't work very well and costs you your life savings. I say let's get on the offense and not get sick in the first place.

Because every cell in your body needs a constant abundant supply of high quality nutrition. EVERY CELL, Brain cells, Immune cells, Heart cells, Liver cells, Nerve cells.

—Dr. Schulze

“I first formulated my SuperFood right in the kitchen of my clinic. I was desperate, my patients were dying, and the results were miraculous.”

I Needed More Energy!

"I love the fact that these ingredients are real foods. The smoothies and vitamins helped me get through the summer farmer's markets' early hours with ease."

—JoAnn J., Peyton, CO

SuperFood ULTRA

What Customers Report

- ✓ **Ultimate nutrition supporting an active lifestyle**
- ✓ **Maximum energy and vitality**

How It Does This

It **FLOODS** your body and blood with natural & powerful Nutrition.

What's In It?

Dr. Schulze's **SuperFood ULTRA** is a powerful blend of over 40 different miracle superfood ingredients. It combines three of his now-famous formulae—his nutrient-dense **SuperFood PLUS** powder, his all-natural Vitamin C packed **Super-C PLUS** and his fiber-rich **HerbalMucil PLUS!**

Additionally, Dr. Schulze included four more of his vitamin and mineral complexes, like his **Cruciferous Protective / Nutrient-Dense Green Complex** (with organic kale leaf, collard greens, Brussels sprouts and cabbage leaf), his **Antioxidant Berry Complex** (made with organic blueberries,

blackberries, and raspberries), his **Omega-3 & Omega-6, High-Protein Seed & Nut Complex** (made with organic flax seeds, chia seeds, walnuts, sunflower seeds, almonds, pine nuts, and pistachios) and his **International Superfoods** (a potent blend of both black and red maca root, with cacao bean and eleuthero root).

- ✓ **Just one serving of delicious SuperFood ULTRA, added to your blender with fresh, organic juice and pure water, will provide your cells with the essential nutrients they need for an entire day, leaving you full of energy and totally satisfied. Enjoy!**

This is the way I start my day...**Every day!**

Over 80% of Americans admitted to hospitals are nutritionally anemic, lacking in many major vitamins. And vitamins are essential, they're **VITAL**, that's where the name **VITAMINS** comes from. You need a fresh supply of them every day, and if you don't get your requirements, you get sick.

The American kitchen is now a microwave, which destroys vitamins. Our kids' dining table is now the backseat of our cars eating fast food. Home cooking has been replaced with convenience meals. Farm fresh has been replaced with flash frozen and 10,000 preservatives. The #1 eaten vegetable in America is now French fries. Friends, we don't eat food anymore, we eat merchandise.

I have always said, it's not how much you take, but how much you assimilate. You can swallow anything, but it doesn't mean you're going to absorb it! Most nutritional supplements are high in vitamins on the label, but if you think you are going to assimilate oyster shells, coral, iron ore, and synthetic chemicals, think again.

This is why I blend the world's most nutrient-dense **PLANT SuperFoods** to make **SuperFood ULTRA**. Herbs and food that your body recognizes, absorbs, and utilizes almost instantly. One **SuperFood ULTRA** drink has more nutrition in it than most of the world gets in days' worth of food.

SuperFood ULTRA is my solution to the modern, hectic, and active lifestyle. It will give you the maximum nutrition, maximum energy, and maximum protection that you need to survive and thrive in today's fast-paced world.

— **Dr. Schulze**

SuperFood PLUS

Why I Made This Formula

I designed SuperFood like all of my formulae in my clinic. It was my last-ditch effort to save my patients and bring them back to life. SuperFood did just that! I would make juice and blender drinks right in the kitchen, and add every herb and food that I knew would provide the most potent and powerful vitamins or minerals. My SuperFood was responsible for many of the miracles that happened in my now-famous clinic. A few years later, I started giving it to ALL of my patients.

Benefits

EVERYTHING that your body wants to do and needs to do—not only to keep you alive and functioning, but to run and repair itself, and beyond that, to feel awesome—demands a constant supply of nutrition to be in your bloodstream. Without complete nutrition, it's the same old, same old, day after day, feeling blah and just surviving. SuperFood will change that. It will make you feel AWESOME! I don't want you to just survive. I want you to THRIVE! You need 100% of your daily vitamins just for survival, but **SuperFood PLUS** gives you up to 500% of your daily vitamins! Be energetic. Be exceptional!

The Dr. Schulze Difference

Most nutritional products are nothing more than chemotherapy; man-made chemicals designed to try and mimic what scientists “think” are the important parts of food. I trust in God and nature. Instead of trying to copy it, I just use it. Mankind will never be smart enough to do that.

Will Use It When I'm 98!

“I will not be without SuperFood – EVER. I have been using it for 25+ years...that is just as far back as I can remember, lol. It is my daily multi-vitamin and sometimes I use it as a meal replacement. All three of my dogs get a teaspoon of it on their dog food once a day.”

—Cathy C., Parksville, MD

Food and herbal nutrition is the kind of nutrition that your body recognizes, and more importantly, can assimilate and utilize. You don't need more chemicals in your body. You need more nature. You need **SuperFood PLUS**. 100% of the ingredients in my **SuperFood PLUS** are super-potent herbs and foods. No chemicals. No crap. Just take it, and you will see and feel the real difference.

Ingredients Matter.

SYNTHETIC Ascorbic Acid VS NATURAL Vitamin C-Complex

Dr. Schulze selects Vitamin C-Complex directly from a variety of powerful, natural sources.

What's In It?

Dr. Schulze's High-C Fruit Combination: Wild-Harvested Camu Camu, Organic Acerola Cherry, Organic Pineapple, Organic Raspberry, Organic Strawberry

Dr. Schulze's High-C Greens Combination: Organic Coriander Leaf, Organic Parsley Leaf, Organic Kale Leaf; plus a hint of High-C Organic Habanero Pepper

Dr. Schulze's High-Bioflavonoid Combination: Organic Rose Hips, Organic Orange Peel, Organic Lemon Peel

Vitamin C-Complex occurs in nature within fruits, vegetables, and herbs. It is a unique complex of a wide variety of nutrients, which is why it is called Vitamin C-Complex. It is much more than just one single chemical, such as ascorbic acid. It is Vitamin C, plus numerous bioflavonoids (also known as Vitamin P, which includes hesperidin, rutin, quercetin, flavones, catechins, anthocyanidins, and tangetrin).

There are over 5,000 natural Vitamin C-Complexes and flavones found in food that are extremely important to health. In just one study of 475,000 people in 10 European countries, researchers found that people whose diets were rich in flavones had a much lower cancer incidence. They were not taking chemical ascorbic acid but eating foods rich in Vitamin 'C-Complex.

All of the Vitamin C-Complex nutrients are recognized, assimilated, and utilized by your body. They are super foods, powerfully nutritious for stimulating, building, and repairing your body.

As I said, vitamins are much more than a single chemical. They are living, organic nutrient complexes, enzymes, co-enzymes, antioxidants, and trace minerals, which are biochemically alive and active.

Synthetic Vitamin C, or ascorbic acid, is not found in nature and is not a food. It is a synthetic chemical created in a laboratory from sugar mutated with extremely harsh and powerful toxic substances, like nail polish remover and chlorine bleach. It is a dead, toxic chemical.

Outrageously, almost EVERY SINGLE popular Vitamin C supplement on the market today uses this chemically-synthesized and toxic ascorbic acid. Why?

Well, for one reason and one reason only: It is extremely CHEAP! Ascorbic acid is cheap 'vitamin chemotherapy.' A single dose of ascorbic acid only costs a thousandth of a cent! **Most well-known research about Vitamin C's amazing healing and health benefits was NOT done using ascorbic acid but instead using natural foods rich in Vitamin C. Don't be misled!** The benefits of NATURAL Vitamin C are not supported by chemical ascorbic acid.

Ascorbic acid kills bacteria, but, like antibiotics, it also kills your "friendly" bacteria. It destroys your needed intestinal flora, which is why it often causes stomach upset, intestinal upset, and bleeding.

Ascorbic Acid is a synthetic chemical and is never used in our products.

Super-C PLUS is a blend of the finest berries, herbs, fruits and vegetables known on the planet,

the absolute highest sources of natural Vitamin C and Vitamin C-Complex nutrients. ALL of the Vitamin C and Vitamin C-Complex nutrients in this formula are natural and derived solely from the whole plants in the formula. Nothing is extracted, isolated, fortified or synthetic. This formula is 100% natural plants, and extremely rich in Vitamin C and Vitamin C-Complex. NO chemicals, NO ascorbic acid, period!

These berries, herbs, fruits and vegetables are organically grown or wild-harvested, cleaned, dried, and blended. That's it! This formula is alive, nutrient dense, the highest and most complete Vitamin C SuperFood Complex available anywhere. That is why I call it **Super-C PLUS!**

What's In It?

Dr. Schulze's High-C Combination

(Wild-Harvested Camu-Camu Berry, Organic Acerola Cherry)

Camu-Camu berries are the richest source of naturally occurring Vitamin C on the planet. Up to 6,000% more concentrated Vitamin C than citrus fruit. Acerola cherries are the second richest source of naturally occurring Vitamin C on the planet—with up to 4,000% more Vitamin C than citrus fruit.

Dr. Schulze's High-Bioflavonoid Combination

(Organic Rose Hips, Organic Orange Pith and Peels, Organic Lemon Pith and Peels)

Rose Hips, Orange and Lemon pith and peels give you the bioflavonoids, hesperiden, rutin, enzymes and coenzymes, trace minerals, calcium, and many other super-nutrients that make up the Vitamin C-Complex.

Dr. Schulze's High-C Greens Combination

(Organic Coriander Leaf, Organic Parsley Leaf, Organic Kale Leaf)

Coriander has 5X more Vitamin C than any herb, with Parsley as the second highest, and the richest in flavones. Kale is a rich source of Vitamin C and Calcium—necessary for absorption of Vitamin C-Complex. And, adding dashes of Strawberry, Raspberry, and Habanero (all Vitamin C super foods), the formula keeps its fruity zing!

There really is a fountain of youth that slows aging, creating amazing powerful health, and it's powerful nutrition. Bottom line: Nutrition feeds every cell in your body and builds healthy strong new cells, hormones, skin, bones, muscle, and organs...it builds YOU!
- #3 Have MORE ENERGY**
Chemical stimulants and sugar are no way to boost your energy. More often than not, you've wasted your money and end up crashing soon after. Pure, plant-based nutrition that assimilates into your body and bloodstream in seconds will boost your energy for the day, and for life!
- #4 Combat STRESS**
Day-in and day-out we are bombarded with emotional and environmental stress. Stress burns through your body's nutrients faster than a raging wildfire. Getting a daily blast of potent and powerful nutrition gives your body the strength to persevere!
- #5 Fuel PERFORMANCE**
Every type of exercise, from casual to extreme, burns energy and places heavy demands on the available nutrition in your body. Powerful nutrition before and after your workout allows you to maximize the benefits of your hard work!
- #6 Get Well & STAY WELL**
Whether you are facing the common cold, a few nagging aches and pains, or something more serious, your first step must be to dramatically increase the quantity (and the quality) of pure, powerful nutrition entering your body every day!

STEP 2:

ELIMINATE

These formulae take a unique approach to **promoting regular bowel movements** by strengthening the muscles of the colon to work more effectively.

Every single patient in my clinic had retained waste somewhere in their body, and most often it was in their bowel. Why? I have three reasons for this...

FIRST, ALL animal foods—meat, eggs, and dairy—have absolutely NO fiber. So, when we eat it, it's really hard to get that grease and fat out of our bowel. Add in wheat and flour products, and now you have a heavy paste. SECOND, we don't move our bodies enough, and a sedentary lifestyle promotes constipation. THIRD, we have plenty of stress, major stress, which also causes constipation.

Add this up and you can clearly see why Americans have the highest incidence of constipation on the planet!

Even worse, retained fecal waste causes everything from bad skin, bad breath, and backaches, to headaches and low energy.

In the clinic, getting the excess waste OUT, along with increased nutrition, had the biggest impact to greatly increase my patients' overall health.

– Dr. Schulze

Elimination **UnBlockers**

My formulas take a unique approach to bowel movements. Instead of bypassing your system by softening your stool, they strengthen the muscles of the colon to work more effectively, while also absorbing and neutralizing the many toxins found in retained, excess waste.

“ My patients were always so amazed at how much better they felt after having regular and complete bowel movements! ”

Wonderful Product!

"I have had digestive issues since I was a child. Intestinal Formula #1 turned that problem around. Now with Intestinal Formula #1 I have no problem with my intestinal issues. Wonderful product."

How It Does This

Powerfully promotes regular and complete bowel movements.

What's In It?

Wild-Harvested Cape Aloe Leaf, Wild-Harvested Cascara Sagrada Aged Bark, Organic Senna Leaf and Pod, Organic Garlic Bulb, Organic Ginger Root, Wild-Harvested Oregon Grape Root, Organic Cayenne Pepper, Organic Habanero Pepper

Everyone Retains Too Much Waste. Everyone.

A sluggish colon can cause an almost endless amount of seemingly unrelated symptoms and problems—the average American stores 10 to 12 pounds of fecal waste in their colon, which is unhealthy. **You must get the WASTE OUT.**

Curacao & Cape Aloe Leaf

Powerful **UnBlockers!**

Curacao and Cape Aloe leaf is the world's most potent and effective bowel-cleansing herb! When the phytochemicals in Aloe come in contact with the surface of the bowel, it causes immediate muscular contractions.

Senna Leaf and Pod

A very reliable stool softener and bowel cleanser! The Senna leaf and pod stimulate the bowel to pulse more quickly, allowing more water to remain in the stool rather than be absorbed back into the body; this makes for an easier, softer, faster bowel movement.

Cascara Sagrada

Little else in nature provides such swift relief and reliable results! Cascara Sagrada stimulates the bowel's natural rhythmic contractions, more commonly known as peristalsis. It also tones the muscle wall as it works, exercising and toning the bowel muscle.

Powerful **Eliminators**

Powerful stimulants to support both elimination and digestion.

Ginger Root

Habanero Pepper

Great **Neutralizers**

Absorbs and neutralizes poisons, toxins, and heavy metals.

Incredible
Benefits
 From Using
 The Most
 Powerful
 UnBlockers!

#1 Immediate **WEIGHT LOSS**

Since the average American stores from 10 to 12 pounds of fecal waste in their colon, removing this accumulated fecal waste from your bowel helps you to lose weight, feel lighter, and give you a flatter stomach!

#2 Remove **TOXINS**

Your bowel is the largest elimination organ in your body. It is the major way that waste gets out. When your bowel is not working efficiently, your fecal waste becomes stored in your colon, eventually turning to sludge and poisoning you as it absorbs back into your body. You need to get these toxins out.

#3 An Abundance of **ENERGY**

Once your body begins to remove the built-up toxins, poisons, waste, acids, and mucous in your colon, you will feel great, and most noticeably, have a lot more ENERGY

#4 Efficient **WASTE REMOVAL**

Cleaning your bowel makes it a more efficient waste-removal machine. This not only keeps the rest of your body and organs clean, but also prevents problems before they even begin.

#5 **STRENGTHENS** Your Bowel

Peristalsis, the propulsive contractions of the colon muscle, helps fecal matter to move along and out of your body. The herbs in Dr. Schulze's formulae work to increase these waves, thus strengthening and toning your bowel.!

IMMUNE

A healthy and strong immune system can be the key to managing stress, sleeping well, and for **looking and feeling great throughout a long life.**

Never before in the history of mankind have we had so much stress.

First, there is the PHYSICAL stress from eating more toxic chemicals than ever existed before, and from the highest consumption of junk food, fat, sugar, grease, soft drinks, snacks and candy than ever before. Add that to the physical stress of insufficient sleep and exercise, and you have a recipe for disaster.

Now, add that to the EMOTIONAL stress of every day life. Today, our brains are being constantly bombarded and polluted with more information in one day than the average person had in their entire life just 100 years ago. My patients were literally run over on the information highway.

Every patient that walked into my clinic was beat up, run down, and worn out, which caused a depressed immune system.

The first documented medicinal use of the Echinacea herb goes back to the 17th century with Native Americans. Since then, studies like the German K Monographs, along with many others, have repeatedly proven that Echinacea is one of nature's most powerful immune system stimulants.

Echinacea potency and efficacy depends upon who grew it and what steps they took. Our Echinacea Purpurea seeds are planted for a minimum of two years to yield the highest quality seeds. Almost all other herbal companies harvest within a twelve-month cycle.

STEP 4:

DETOX

Routine cleansing of all your major elimination channels to stimulate, flush, and tone your body is **essential for optimum health.**

Every single one of the 37 trillion cells in your body creates metabolic waste as it functions. Therefore, the constant elimination of this cellular waste is of the utmost importance to PROTECT you and create POWERFUL health.

Every cell relies on your body's "garbage disposal" systems—like your bowel, liver, and kidneys—to remove this waste from your body.

When any of these waste disposal systems gets congested, sluggish, or slows down, your cellular waste starts backing up. This is a serious problem.

At first, you'll feel bad, have low energy and headaches, because you are living in a polluted body. When these systems back-up or stop, you become really sick and can even die.

Like preventative maintenance for your car, routine seasonal detoxification is preventative maintenance for your body. It protects you and keeps you strong and healthy.

#2 During Menopause

If you are experiencing anything from hot flashes, night sweats, and nausea to increased anxiety, irritability, frequent urination, skipped periods, or heavy bleeding, you don't have to suffer! Increase your dosage

of **Female Formula** to two droppersful three times a day, and take your **SuperFood PLUS** and **Super-C PLUS** twice daily, along with regular exercise.

#3 Peak Menopause

Begin the previous program immediately, along with these three bonuses: First, anytime you are experiencing extreme menopausal conditions, take a **Female "SHOT"** immediately, day or night! Next, during the first month of this regimen, complete one **5-Day BOWEL Detox** followed by a **5-Day KIDNEY Detox**. Keeping your elimination systems clean and in good working order takes physical stress off your reproductive organs and eases the transition through menopause. Finally, start a vegan-vegetarian food program for the next 90 days—the hormones in all animal food, even dairy products, make this natural transition much worse for you.

DR. SCHULZE'S CLINICAL EXPERIENCE

While running his clinic, Dr. Schulze saw many women who became incapable of functioning normally (both physically and emotionally) because of the change that was naturally happening to their bodies. They weren't sick, they just weren't the same. Or, at least they didn't feel that way.

Dr. Schulze's **Female Formula** was a lifesaver for them. Besides the obvious health benefits of hormonal balancing, many saved their marriages, their families, their careers and their sanity by using this formula. It regulates and balances the complex changes that happen to women from puberty through the menopausal stage of life. Female Formula will regulate and normalize female cycles. And, it will increase sexual desire.

BALANCES Female Hormones And RELIEVES Bloating & Mood Swings!

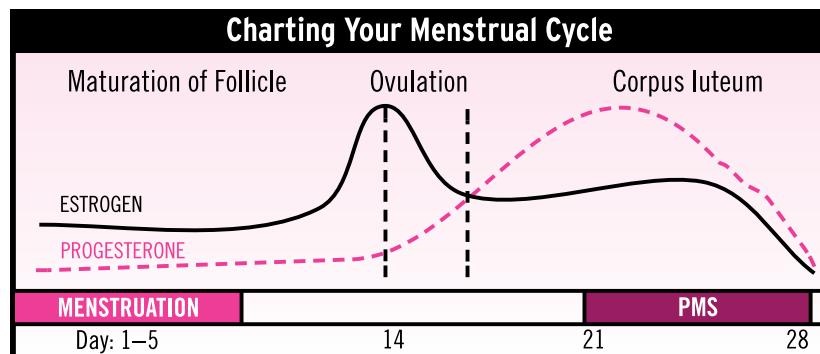

Understanding the Monthly Cycle In Women

Dr. Schulze helped thousands of female patients naturally deal with premenstrual cycles in his clinic. What causes discomfort during regular premenstrual cycles is very simple to understand. Prior to menstruation (your period), both major hormones, estrogen and progesterone, decline. Look at the chart below that graphs the hormone levels in a typical 28-day menstrual cycle.

Day 1 is the first day of menstruation. You would ovulate on about day 14. Day 28 is the last day of your cycle, and then your period starts again.

Your estrogen and progesterone hormone levels stay relatively level until just before ovulation. By Day 11, estrogen levels climb dramatically, peaking within a day or two before declining. Progesterone levels rise slightly later, around Day 13, just before ovulation, and peak later in the cycle, around Day 20. But estrogen and progesterone levels begin to decline around Days 20 to 22 and decrease sharply on Days 24 through 28.

This typical but dramatic reduction in hormones before your period is enough to cause your body to protest. But it isn't a disease! For some women, awareness of it and some lifestyle modifications will balance it right away.

PMS: Don't suffer, feel better now!

Dr. Schulze's Premenstrual Relief Program

Suggested use during PMS: For a regular 28-day cycle, on the 18th day after the start of your last period, take one dropperful of **Fem+ (Female Balance)** in the morning and one in the evening. On the 19th day through the start of your next period, take one dropperful of **Fem+** three times daily. This intake can be increased to two droppersful of **Fem+** three times daily with an occasional boost of up to four droppersful during extreme cases. Discontinue the formula once your period begins.

Dr. Schulze's Awareness Treatment

During the time before menstruating, behavior and lifestyle modification are of great importance. **DON'T SET YOURSELF UP FOR FAILURE!** First, don't go clothes shopping, especially with friends. Everything will be tight because of your water retention, and you will hate yourself. I had hundreds of crying women come into my clinic, describing themselves as looking like a whale. Don't do this to yourself. Also, do not set up any meetings with your partner or boss that you know will be tense or intense, especially discussions regarding

future projects, budgets, house remodeling, and NOT where your marriage or relationship is headed. It is a time to celebrate being a woman. Celebrate being yin, calm, and meditative. Love and accept yourself. 'Soothing' is a great word and mantra during these ten days. Think hot baths, candles, essential oils, soothing music, stretching and breathing classes, exercise classes, long walks, easy chairs, sweat clothes, and blankets. Do you get the picture? I know you still have to work and run your life, but plan some extra time for yourself, and don't get into anything heavy. I have had thousands of patients with severe PMS heed my advice. Set yourself up to win!

Your Prostate: What You Need To Know

FACT:

Researchers estimate that **80% of all men will develop an enlarged prostate.**

FACT:

There were over **150,000 prostatectomies** performed in the U.S. last year.

FACT:

By age 50, **35% of all American men have** prostate issues.

DR. SCHULZE'S CLINICAL EXPERIENCE

Dr. Schulze had many men who used his Prostate Formula to achieve optimum prostate health—even those with enlarged prostates due to infection, swelling, or worse. The herbs in this formula naturally promote the flow of urine and will help you maintain a healthy prostate size.

Dr. Schulze had his patients adhere to a vegetarian diet, which helps to reduce prostate enlargement naturally. The vegetarian food program is not a moral issue but fundamental and scientific. Farmers are constantly injecting cows, pigs, and chickens with steroids and growth hormones to make bigger animals with more flesh so that they can increase profits. You naturally produce hormones and steroids during puberty, stimulating the growth of the sexual organs and prostate. But these were not animal growth hormones. Many researchers have linked these injected animal growth hormones to the massive increase in prostate issues worldwide.

When patients used Dr. Schulze's **Prostate Formula**, his Foundational Herbal Formulae, and a vegetarian food program, they all experienced significant improvement in urination due to their prostates functioning better.

“I ran into my old plumber at American Botanical Pharmacy. He reminded me that a few years ago, he could hardly sleep and was waking up all night long to pee. I had suggested my Prostate Formula, and he said that since he'd started taking it, he has been sleeping like a baby all night and peeing a powerful stream ever since. I have heard this same report in the past from thousands of my male patients. ”

What Products Should I Use For Particular Health Complaints?

A healthy lifestyle comes first! Dr. Schulze always says, “True healing comes from creating a healthy lifestyle, stopping the things you did that made you sick in the first place, and starting new programs of health and wellness, like healthy food programs, elimination programs, detox programs, exercise programs and programs that create emotional wellness. This is true healing!”

So work on getting YOU well by adopting these principles, and don't try to change your life by ONLY using his herbal remedies — change your life by changing YOU! Being proactive first is what counts!
