Powerful Nutrition = Powerful Health

The BIG Difference

There are many differences between my clinical herbal formulae and other companies' herbal crap.

And it's all based on the fact that I am an herbal doctor who ran a clinic that spanned decades where I successfully treated thousands and thousands of patients.

Other herbal product COMPANIES (most of whom don't even have an herbalist on staff) mix trendy herbs making hypothetical formulae. They just hope that their bottled herbal theories might work, even though they don't know which part of the plant to use. Also, their quality is garbage because they buy the cheapest herbal junk to make their useless made-up formulae... but they are very focused on your wallet.

My focus has always been on you and your family getting well, healthy, and staying strong.

And, **I achieve this in 3 ways:**

1st, I use only the highest quality organic and wild-harvested herbs, which are **the most PURE**.

2nd, I make all my own formulae in my own herbal production facility that are the strongest, **most powerful, and most POTENT** available anywhere.

3rd, I make my clinical herbal formulae that were refined and **PROVEN highly effective** in my clinic.

Dr. Schulze

This is **the BIG Difference**.

This is **the Dr. Schulze Difference!**

The Dr. Schulze DIFFERENCE:

Pure

Making the most potent and effective Herbal Products, starts with using the HIGHEST QUALITY HERBS.

First, I use Organic herbs because it doesn't make any sense to consume herbs for healing your body that are sprayed and treated with toxic and dangerous chemicals, insecticides, pesticides, chemical fertilizers and other farming pollutants. More chemicals in our environment pollute the air we breathe, the water we drink and the food we eat. Worse, these poisons cause disease. I will not try to help you get healthy while at the same time poisoning our planet.

Furthermore, Organic herbs are proven to have up to 10 times more healing phytochemicals in them. This is why my manufacturing facility is an Organic, Kosher and Vegan certified facility.

"We fill our vats to the very top with herbs!"

Potent

What created miracles in my clinic was simple. The strongest formulae, the highest dosages, and patients who were sick and tired of feeling sick and tired. While other herbalists feared hurting a patient, I feared failing my patient. Looking back, it was my clinical strength herbal formulae and my higher dosages that made miracles happen.

The industry standard is 10% herbs, maybe 20% herbs in the vats to make extracts. I fill my vats to the very top. My employees say the herbs spill on the floor, my competitors say I waste herbs, but my customers say THANK YOU! I always say, if your kids or parents are sick, OR YOU, do you want 10% or 20% herbs, or will you fill the vats to the very top with herbs like I do? Hell yes, you'll cram as much healing herbs as you can into the vat and then even more.

Proven

The biggest difference between my herbal formulae and others you see in health food stores, well honestly, it's that mine WORK. I'm serious. Other herbalists and herbal product manufacturers never had a clinic and didn't have thousands of patients like I did. They bottle their impotent herbal ideas and theories based on what they read in books, and hope they might work, but they don't. Over the decades, my patients taught me what works, and what doesn't.

I didn't want to be a doctor, but people knocked on my door anyway, hundreds, then thousands, so I had a lot of patients who helped me refine my formulae until I got them right. My clinic spanned three decades and now over a million people worldwide religiously use my herbal formulae. I guess that means they work.

Beware of Fakes

Many herbal products I look at today in drug stores, and even health food stores, USE THE WRONG (or non-medicinal) PART OF THE PLANT!!!!

All herbs have a specific part of the plant that has the highest concentration of the medicinal HEALING chemicals. Often, the rest of the herb is thrown away. They use the non-medicinal part that we throw away because they can still say ECHINACEA on their labeling, even though they are using the woody stalk or leaves when the medicinal (and expensive) part of the plant is the root and seeds. Many vitamin manufacturers do this and customers just don't know.

It would be like eating the bark of an apple or pear tree, when it is the fruit that is the nutritional part. Or like eating spinach root, not the greens, or garlic leaves and not the bulb.

So BEWARE, there are many FAKE herbal formulae out there just robbing you of your money by selling you what I throw into my compost pile. Worse, they are robbing you of your health!

5 STEPS To Amazing Health

My 5 STEPS are very simple, common sense, but extremely powerful at switching on your body's super-healing ability.

of Life.**

STEP 1: NUTRITION

Everyone needs a constant, rich, and easy-to-assimilate supply of nutrition in their body and blood at all times. If you want your body to repair and heal, this is critical. ALL Americans fall short of the minimum recommended intake of their daily vitamins. Therefore, I supplied all of my patients with my SuperFoods—the richest, most nutrient-dense herbs and foods on the planet.

STEP 2: ELIMINATE

Almost every American is constipated and eventually develops bowel disease. This retention of toxic waste poisons your body, depresses your immunity, and keeps you from self-repairing. Get super-nutrition IN and get the accumulated waste OUT—these are the first two of my five steps that will thrust your body into self-healing.

STEP 3: IMMUNE

The stress of modern life beats you up, depleting and depressing your immune system. Your immune system is the most important system to protect and heal you. For most people, their immune system is limping if not almost dead. Supercharge your immune system and watch your body come alive.

STEP 5: SPECIFICS

Using these formulae, I would get my patients to take care of their little problems—correcting imbalances and addressing specific issues—before they grew to full-blown problems. An ounce of prevention is much better than a pound of cure.

STEP 1: NUTRITION

Your body can Create Miracles!

It just needs your help...

I learned in my clinic, with EVERY patient, that **powerful NUTRITION** is the foundation to **Amazing Health**.

And if you're not operating at peak performance...**powerful NUTRITION** can **create the Health Miracle** you need.

Vitamins are essential organic compounds that you need to eat every day. Your body can't manufacture them, they are VITAL. That's where the name VITAMINS comes from.

The main reason your body runs down and breaks down is because your body doesn't have enough nutrient fuel to do its job.

So, if you need hormones, immune cells, nerve cells, healthier organs, and richer blood, you can't build all that with soda and junk food, but with Super-Nutrition anything is possible!

Increasing your nutrition is the simplest solution to maximizing the potential of your body, mind and spirit.

How It Does This

It FLOODS your body and blood with natural & powerful Nutrition.

What's In It?

Dr. Schulze's **SuperFood ULTRA** is a powerful blend of over 40 different miracle superfood ingredients. It combines three of his now-famous formulae—his nutrient-dense **SuperFood PLUS powder**, his all-natural vitamin-C packed **Super-C PLUS** and his fiber-rich **HerbalMucil PLUS!**

Additionally, Dr. Schulze included four more of his vitamin and mineral complexes, like his **Cruciferous Protective / Nutrient-Dense Green Complex** (with organic kale leaf, collard greens, Brussels sprouts and cabbage leaf), his **Antioxidant Berry Complex** (made with organic blueberries,

blackberries, and raspberries), his **Omega-3 & Omega-6, High-Protein Seed & Nut Complex** (made with organic flax seeds, chia seeds, walnuts, sunflower seeds, almonds, pine nuts, and pistachios) and his **International Superfoods** (a potent blend of both black and red maca root, with cacao bean and eleuthero root).

Just one serving of delicious **SuperFood ULTRA**, added to your blender with fresh, organic juice and pure water, will provide your cells with the essential nutrients they need for an entire day, leaving you full of energy and totally satisfied. Enjoy!

This is the way I start my day...
Every day!

Over 80% of Americans admitted to hospitals are nutritionally anemic, lacking in many major vitamins. And vitamins are essential, they're VITAL, that's where the name VITamins comes from. You need a fresh supply of them every day, and if you don't get your requirements, you get sick.

The American kitchen is now a microwave, which destroys vitamins. Our kids' dining table is now the backseat of our cars eating fast food. Home cooking has been replaced with convenience meals. Farm fresh has been replaced with flash frozen and 10,000 preservatives. The #1 eaten vegetable in America is now French fries. Friends, we don't eat food anymore, we eat merchandise.

I have always said, it's not how much you take, but how much you assimilate. You can swallow anything, but it doesn't mean you're going to absorb it! Most nutritional supplements are high in vitamins on the label, but if you think you are going to assimilate oyster shells, coral, iron ore and synthetic chemicals, think again.

This is why I blend the world's most nutrient-dense PLANT SuperFoods to make **SuperFood ULTRA**. Herbs and Food that your body recognizes, absorbs, and utilizes almost instantly. One **SuperFood ULTRA** drink has more nutrition in it than most of the world gets in days' worth of food.

SuperFood ULTRA is my solution to the modern, hectic, and active lifestyle. It will give you the maximum nutrition, maximum energy, and maximum protection that you need to survive and thrive in today's fast-paced world.

– Dr. Schulze

SuperFood PLUS

Why I Made This Formula

I designed SuperFood like all of my formulae in my clinic. It was my last-ditch effort to save my patients and bring them back to life. SuperFood did just that! I would make juice and blender drinks right in the kitchen, and add every herb and food that I knew would provide the most potent and powerful vitamins or minerals. My SuperFood was responsible for many of the miracles that happened in my now-famous clinic. A few years later, I started giving it to ALL of my patients.

Benefits

EVERYTHING that your body wants to do and needs to do—not only to keep you alive and functioning, but to run and repair itself, and beyond that, to feel awesome—demands a constant supply of nutrition to be in your bloodstream. Without complete nutrition, it's the same old, same old, day after day, feeling blah and just surviving. SuperFood will change that. It will make you feel AWESOME! I don't want you to just survive. I want you to THRIVE! You need 100% of your daily vitamins just for survival, but SuperFood PLUS gives you up to 500% of your daily vitamins! Be energetic. Be exceptional!

The Dr. Schulze Difference

Most nutritional products are nothing more than chemotherapy; man-made chemicals designed to try and mimic what scientists “think” are the important parts of food. I trust in God and nature. Instead of trying to copy it, I just

Brought Mom Back to Life!

“Your SuperFood has changed my life and saved my mother who will be 102 this summer. It literally brought her back to life. She’d been in bed for months. She was giving up and said she had no more energy left to live. I didn’t know what to do, so I just started making her SuperFood every morning and afternoon. In less than three weeks she was up and putting around the house and driving me crazy. Now she wants to go out all the time and the other day I refused to go out so she said: Well, then let me drive the car!”

— C.P. Portland, OR

use it. Mankind will never be smart enough to do that. Food and herbal nutrition is the kind of nutrition that your body recognizes, and more importantly, can assimilate and utilize. You don't need more chemicals in your body. You need more nature. You need SuperFood PLUS. 100% of the ingredients in my SuperFood PLUS are super-potent herbs and foods. No chemicals. No crap. Just take it, and you will see and feel the real difference.

You want to build hormones, immune cells, brain chemicals, nerve cells; you want healthy organs to feel younger, look awesome and have endless energy, then get some powerful nutrition into your body and bloodstream every day. I designed my nutritional formulae in my clinic to save lives and they created miracles.

Modern life destroys nutrition. Modern medicine is on the defense trying to kill disease after you get it. That's hard, doesn't work very well and costs you your life savings. I say let's get on the offense and not get sick in the first place.

Because every cell in your body needs a constant abundant supply of high quality nutrition. EVERY CELL, Brain cells, Immune cells, Heart cells, Liver cells, Nerve cells. ”

STEP 2:

ELIMINATE

These formulae take a unique approach to **promoting regular bowel movements** by strengthening the muscles of the colon to work more effectively.

“ Every single patient in my clinic had retained waste somewhere in their body, and most often it was in their bowel. Why? I have three reasons for this...

FIRST, ALL animal foods—meat, eggs, and dairy—have absolutely NO fiber. So, when we eat it, it's really hard to get that grease and fat out of our bowel. Add in wheat and flour products, and now you have a heavy paste. SECOND, we don't move our bodies enough, and a sedentary lifestyle promotes constipation. THIRD, we have plenty of stress, major stress, which also causes constipation.

Add this up and you can clearly see why Americans have the highest incidence of constipation on the planet!

Even worse, retained fecal waste causes everything from bad skin, bad breath, and backaches, to headaches and low energy.

In the clinic, getting the excess waste OUT, along with increased nutrition, had the biggest impact to greatly increase my patients' overall health. ”

IMMUNE

A healthy and strong immune system can be the key to managing stress, sleeping well, and for **looking and feeling great throughout a long life.**

“ Never before in the history of mankind have we had so much stress.

First, there is the PHYSICAL stress from eating more toxic chemicals than ever existed before, and from the highest consumption of junk food, fat, sugar, grease, soft drinks, snacks and candy than ever before. Add to that the physical stress of insufficient sleep and exercise, and you have a recipe for disaster.

Now, add to that the EMOTIONAL stress of every day life. Today, our brains are being constantly bombarded and polluted with more information in one day than the average person had in their entire life just 100 years ago. My patients were literally run over on the information highway.

Every patient that walked into my clinic was beat up, run down, and worn out, which caused a depressed immune system. ”

STEP 4:

DETOX

Routine cleansing of all your major elimination channels to stimulate, flush, and tone your body is **essential for optimum health.**

“ Every single one of the 37 trillion cells in your body creates metabolic waste as it functions. Therefore, the constant elimination of this cellular waste is of the utmost importance to PROTECT you and create POWERFUL health.

Every cell relies on your body’s “garbage disposal” systems—like your bowel, liver and kidneys—to remove this waste from your body.

When any of these waste disposal systems gets congested, sluggish, or slows down, your cellular waste starts backing up. This is a serious problem.

At first, you’ll feel bad, have low energy and headaches, because you are living in a polluted body. When these systems back-up or stop, you become really sick and can even die.

Like preventative maintenance for your car, routine seasonal detoxification is preventative maintenance for your body. It protects you and keeps you strong and healthy. ”

What Products Should I Use For Particular Health Complaints?

A healthy lifestyle comes first! Dr. Schulze always says, “True healing comes from creating a healthy lifestyle, stopping the things you did that made you sick in the first place, and starting new programs of health and wellness, like healthy food programs, elimination programs, detox programs, exercise programs and programs that create emotional wellness. This is true healing!”

So work on getting YOU well by adopting these principles, and don’t try to change your life by ONLY using his herbal remedies—change your life by changing YOU! Being proactive first is what counts!

Dr. Schulze is not a Medical Doctor. His opinions regarding health and healing are based on his own personal experience and that of thousands of patients that he treated in his clinic over a period of decades. If you have any illness or disease, we advise you to consult a licensed medical professional.

How To Use This Listing

In this listing, we identified different conditions that you might experience. Each is followed by Dr. Schulze’s Herbal Formulae and Programs that he recommends based on his clinical experience. Some conditions have two or more formulae and programs listed.

All suggestions are listed in their order of priority, so start with the first formula listed. You may use more than one formula at a time. If you start with one and after a reasonable period of time you do not get the desired results, add the second and then the third recommended formula. Continue to use the first formula when adding the second and so on.

Keep in mind that Natural Healing is based on helping your body do the work it was designed to do. So please use Dr. Schulze’s Foundational Products to get the nutrition IN and the waste OUT, and build a powerful immune system. Then, add specific formulae as you see necessary.
