

## **Creating Amazing Health**

#### 2023 Message from Dr Schulze

Nothing is more Heavenly, Natural, and Scientific, or makes more common sense than for the people of this planet to use the plants that naturally grow on this planet for our **food** and our **medicine**.

Furthermore, this is the actual history of the world.

Since the beginning of time on this planet, whether you believe in God or science, nothing or everything...whether you believe that God created heaven and earth or the big bang theory...

The reality is that every culture on this planet, every faith, every prophet, holy person, doctor, scientist, philosopher, and shaman—EVERYONE—survived by consuming what naturally grows on this planet for their **food** and healed themselves using what naturally grows on this planet for their **medicine**.

So I don't give a damn what any government threatens, what any medical or pharmaceutical group demands, or what any censored social media platform allows me to say. THIS IS THE HISTORY OF THE WORLD SINCE TIME BEGAN!!!

Like it or not, trendy or not, legal or not, this is the truth.

I do not have to qualify or prove anything, especially our amazing world history of using herbs for medicine and healing.

### **NEW Labels!**

I decided that my labels were overdue for a new look.

So for 2023, I designed new labels for a cleaner, more traditional medicinal look. I will be making the label changes on all products over the next few months.

I hope you enjoy them.

## The Dr. Schulze DIFFERENCE:

There are many differences between my clinical herbal formulae and other companies' herbal crap.

It's all based on the fact that I am an herbal doctor who ran a clinic that spanned decades, where I successfully treated thousands and thousands of patients.

Other herbal companies (most of whom don't have an herbalist on staff) mix trendy herbs and make hypothetical formulas. They hope their bottled herbal theories might work, even though they don't know which part of the plant to use. Also, their quality is garbage because they buy the cheapest herbal junk to make their useless made-up formulas—because they are focused on your wallet, not your health!

My focus has always been on you and your family getting healthy and staying strong.

I achieve this in THREE ways:

## Pure

First, I use only the highest quality organic and wildharvested herbs, which are the purest.

I use organic herbs because it doesn't make sense to consume herbs to heal your body after the grower has sprayed and treated them with toxic and dangerous insecticides, pesticides, chemical fertilizers, and other farming pollutants. These chemicals in our environment have polluted our air, water, and food, causing many diseases. I can't help you get healthy while also poisoning our planet. Further, studies prove that organic and wild-harvested herbs have up to 10 TIMES more healing phytochemicals than conventional herbs. This is why my manufacturing facility is an Organic, Kosher, and Vegan-certified facility.

## Potent

Second, I make all my formulae in my herbal production facility that are the strongest, most powerful, and most POTENT available anywhere.

The industry standard is 10%, maybe 20%, herbs in the vats to make extracts. But I fill my vats to the top! If your kids or parents are sick, OR YOU, would you want a measly 10 or 20% herbal blend? NO! You would cram as many healing herbs as possible into the vat as I do! My competitors say I waste herbs, but my customers say THANK YOU.

"We fill our vats to the top with herbs!"

with the highest concentrated medicinal HEALING phytochemicals. But many manufacturers use the non-medicinal part because they can still say ECHINACEA on their labeling. even though they are using the woody stalk or leaves when the medicinal (and expensive) part of the plant is the root and seeds. It's like eating the bark from an apple or pear tree when the fruit is the nutritional part, or like eating spinach root instead of the greens, or garlic leaves and not the bulb.

**Beware of** 

Many herbal products

in drug stores, and even health food stores, use the

Fakes

So BEWARE. There are many FAKE herbal formulas out there stealing your money by selling you what I throw into my compost pile. Worse, they are robbing you of your health! What created miracles in my clinic was simple: The strongest formulae, the highest dosages, and patients who were sick and tired of feeling sick and tired. While other herbalists feared hurting a patient, I feared failing my patients. Looking back, my clinical-strength herbal formulae and higher dosages created MIRACLES.

## Proven

Third, I make the same clinical herbal formulae I refined in my clinic to be highly effective with proven results.

The biggest difference between my herbal formulae and others you see in health food stores, well, honestly, it's that mine WORK. I'm serious.

Other herbalists and manufacturers never had a clinic and didn't have thousands of patients visit their clinic. They bottle their impotent herbal theories based on what they read in books and hope they might work, but they don't.

Over the decades, my patients taught me what works and doesn't. I didn't want to be a doctor, but people knocked on my door anyway, hundreds, then thousands, so I had a lot of patients who helped me refine my formulae until I got them right. My clinic spanned three decades, and over a million people have used my herbal formulae worldwide. I guess that means they WORK.

## **5 STEPS** To Amazing Health

My 5 STEPS are very simple, common sense, but extremely powerful at switching on your body's super-healing ability.

## STEP 1: NUTRITION

Everyone needs a constant, rich, and easy-to-assimilate supply of nutrition in their body and blood at all times. If you want your body to repair and heal, this is critical. ALL Americans fall short of the minimum recommended intake of their daily vitamins. Therefore, I supplied all of my patients with my SuperFoods the richest, most nutrient-dense herbs and foods on the planet.

Almost every American is constipated and eventually develops bowel disease. This retention of toxic waste poisons your body, depresses your immunity, and keeps you from self-repairing. The stress of modern life beats you up, depleting and depressing your immune system. Your immune system is the most important system to protect and heal you. For most people, their immune system is limping if not almost dead. Supercharge your immune system and watch your body come alive.

## The 3 Keys To

My **3 BASIC STEPS to Natural Health** and the reason why 95% of my patients got well quickly!

Nutrition

Before I started ANY of my patients on my specific programs and formulas, EVERY patient had to first do THE BASICS. No matter what their disease was, no matter what their symptoms were.

EVERY patient in my clinic started with common sense, good-health basics! First, FEED your body super nutrition for greater health. Second, REMOVE the toxins and waste that cause disease. And third, STRENGTHEN your body's immune system to promote overall health.

The simple truth was that 95% of my patients were WELL after finishing these 3 BASIC STEPS. That's right—before I ever got to treat their specific problem, their problem was GONE!

See my entire line of Nutritional Herbal Formulae, my Digestive & Elimination Herbal Formulae and my Immune Boosting Herbal Formulae to get the support you need to WIN! Like my patients, when you start these common sense herbal formulae, within a few weeks you will probably forget what was wrong with you in the first place. These are the formulae that helped Create Powerful Health in my clinic, and now for thousands of my customers every day! Nutrition

## STEP 1: NUTRITION

### Your body can Create Miracles!

## It just needs your help...

I learned in my clinic, with EVERY patient, that powerful NUTRITION is the foundation to Amazing Health.

And if you're not operating at peak performance... powerful NUTRITION can create the Health Miracle you need.

Vitamins are essential organic compounds that you need to eat every day. Your body can't manufacture them, they are VITAL. That's where the name VITAMINS comes from.

The main reason your body runs down and breaks down is because your body doesn't have enough nutrient fuel to do its job.

So, if you need hormones, immune cells, nerve cells, healthier organs, and richer blood, you can't build all that with soda and junk food, but with Super-Nutrition anything is possible!

Increasing your nutrition is the simplest solution to maximizing the potential of your body, mind and spirit.

## Your body has the ability to create Miracles. It just needs a little help.

I learned in my clinic, with EVERY patient, powerful NUTRITION is the beginning, the foundation of Amazing Health. You have no idea what healing miracles your body can perform when it has a constant, rich and abundant supply of vital nutrition running through your bloodstream. And even if you're healthy, you have no idea how great you can feel, and how much energy you will have, when you flood your body daily with nature's powerful nutrition.

You want to build hormones, immune cells, brain chemicals, nerve cells; you want healthy organs to feel younger, look awesome and have endless energy, then get some powerful nutrition into your body and bloodstream every day. I designed my nutritional formulae in my clinic to save lives and they created miracles.

Modern life destroys nutrition. Modern medicine is on the defense trying to kill disease after you get it. That's hard, doesn't work very well and costs you your life savings. I say let's get on the offense and not get sick in the first place.

Because every cell in your body needs a constant abundant supply of high quality nutrition. EVERY CELL, Brain cells, Immune cells, Heart cells, Liver cells, Nerve cells.

#### What's In It?

Dr. Schulze's **SuperFood ULTRA** is a powerful blend of over 40 different miracle superfood ingredients. It combines three of his now-famous formulae—his nutrient-dense **SuperFood PLUS** powder, his all-natural vitamin-C packed **Super-C PLUS** and his fiber-rich **HerbalMucil PLUS**!

Additionally, Dr. Schulze included four more of his vitamin and mineral complexes, like his **Cruciferous Protective / Nutrient-Dense Green Complex** (with organic kale leaf, collard greens, Brussels sprouts and cabbage leaf), his **Antioxidant Berry Complex** (made with organic blueberries, blackberries, and raspberries), his **Omega-3 & Omega-6, High-Protein Seed & Nut Complex** (made with organic flax seeds, chia seeds, walnuts, sunflower seeds, almonds, pine nuts, and pistachios) and his **International Superfoods** (a potent blend of both black and red maca root, with cacao bean and eleuthero root).

Just one serving of delicious **SuperFood ULTRA**, added to your blender with fresh, organic juice and pure water, will provide your cells with the essential nutrients they need for an entire day, leaving you full of energy and totally satisfied. Enjoy!

## This is the way I start my day...**Every day!**

Over 80% of Americans admitted to hospitals are nutritionally anemic, lacking in many major vitamins. And vitamins are essential, they're VITAL, that's where the name VITAmins comes from. You need a fresh supply of them every day, and if you don't get your requirements, you get sick.

The American kitchen is now a microwave, which destroys vitamins. Our kids' dining table is now the backseat of our cars eating fast food. Home cooking has been replaced with convenience meals. Farm fresh has been replaced with flash frozen and 10,000 preservatives. The #1 eaten vegetable in America is now French fries. Friends, we don't eat food anymore, we eat merchandise.

I have always said, it's not how much you take, but how much you assimilate. You can swallow anything, but it doesn't mean you're going to absorb it! Most nutritional supplements are high in vitamins on the label, but if you think you are going to assimilate oyster shells, coral, iron ore and synthetic chemicals, think again.

This is why I blend the world's most nutrient-dense PLANT SuperFoods to make **SuperFood ULTRA**. Herbs and Food that your body recognizes, absorbs, and utilizes almost instantly. One **SuperFood ULTRA** drink has more nutrition in it than most of the world gets in days' worth of food.

**SuperFood ULTRA** is my solution to the modern, hectic, and active lifestyle. It will give you the maximum nutrition, maximum energy, and maximum protection that you need to survive and thrive in today's fast-paced world.

#### – Dr. Schulze

NUTRITION

## SuperFood PLUS

#### Why I Made This Formula

I designed SuperFood like all of my formulae in my clinic. It was my last-ditch effort to save my patients and bring them back to life. SuperFood did just that! I would make juice and blender drinks right in the kitchen, and add every herb and food that I knew would provide the most potent and powerful vitamins or minerals. My SuperFood was responsible for many of the miracles that happened in my now-famous clinic. A few years later, I started giving it to ALL of my patients.

#### **Benefits**

EVERYTHING that your body wants to do and needs to do—not only to keep you alive and functioning, but to run and repair itself, and beyond that, to feel awesome—demands a constant supply of nutrition to be

in your bloodstream. Without complete nutrition, it's the same old, same old, day after day, feeling blah and just surviving. SuperFood will change that. It will make you feel AWESOME! I don't want you to just survive. I want you to THRIVE! You need 100% of your daily vitamins just for survival, but SuperFood PLUS gives you up to 500% of your daily vitamins! Be energetic. Be exceptional!

#### The Dr. Schulze Difference

Most nutritional products are nothing more than chemotherapy; man-made chemicals designed to try and mimic what scientists "think" are the important parts of food. I trust in God and nature. Instead of trying to copy it, I just use it. Mankind will never be smart enough to do that.

#### Brought Mom Back to Life!

"Your SuperFood has changed my life and saved my mother who will be 102 this summer. It literally brought her back to life. She'd been in bed for months. She was giving up and said she had no more energy left to live. I didn't know what to do, so I just started making her SuperFood every morning and afternoon. In less than three weeks she was up and puttering around the house and driving me crazy. Now she wants to go out all the time and the other day I refused to go out so she said: Well, then let me drive the car!"

- C.P., Portland, OR

Food and herbal nutrition is the kind of nutrition that your body recognizes, and more importantly, can assimilate and utilize. You don't need more chemicals in your body. You need more nature. You need SuperFood PLUS. 100% of the ingredients in my SuperFood PLUS are super-potent herbs and foods. No chemicals. No crap. Just take it, and you will see and feel the real difference.

## Ingredients Matter. SYNTHETIC Ascorbic Acid

#### **NATURAL** Vitamin C Complex

Dr. Schulze selects Vitamin C Complex directly from a variety of powerful, natural sources.

#### What's In It? Dr. Schulze's High-C Fruit Combination: Wild Harvested Camu Camu, Organic Acerola Cherry, Organic Pineapple, Organic Raspberry, Organic

Dr. Schulze's High-C Greens Combination: Organic Coriander Leaf, Organic Parsley Leaf, Organic Kale Leaf; plus

a hint of High-C Organic Habanero Pepper

**Other Ingredients:** Organic Rice Syrup, Organic Acacia Tree Gum

**Vitamin C Complex** occurs in nature within fruits, vegetables, and herbs. It is a unique complex of a wide variety of nutrients, which is why it is called Vitamin C COMPLEX. It is much more than just one single chemical, such as ascorbic acid. It is Vitamin C, plus numerous bioflavonoids (also known as Vitamin P, which includes hesperidin, rutin, quercitrin, flavones, catechins, anthocyanidins, and tangretin).

There are over 5,000 natural Vitamin C Complexes and flavones found in food that are extremely important to health. In just one study of 475,000 people in 10 European countries, researchers found that people whose diets were rich in flavones had a much lower cancer incidence. They were not taking chemical ascorbic acid but eating foods rich in Vitamin C complex.

All of the Vitamin C Complex nutrients are recognized, assimilated, and utilized by your body. They are super foods, powerfully nutritious for stimulating, building, and repairing your body.

As I said, vitamins are much more than a single chemical. They are living, organic nutrient complexes, enzymes, co-enzymes, antioxidants, and trace minerals, which are biochemically alive and active. NUTRITION

**Synthetic Vitamin C**, or ascorbic acid, is not found in nature and is not a food. It is a synthetic chemical created in a laboratory from sugar mutated with extremely harsh and powerful toxic substances, like nail polish remover and chlorine bleach. It is a dead, toxic chemical.

Outrageously, almost EVERY SINGLE popular Vitamin C supplement on the market today uses this chemically-synthesized and toxic ascorbic acid. Why?

Well, for one reason and one reason only: It is extremely CHEAP! Ascorbic acid is cheap 'vitamin chemotherapy.' A single dose of ascorbic acid only costs a thousandth of a cent! Most well-known research about Vitamin C's amazing healing and health benefits was NOT done using ascorbic acid but instead using natural foods rich in Vitamin C. Don't be misled! The benefits of NATURAL Vitamin C are not supported by chemical ascorbic acid.

Ascorbic acid kills bacteria, but, like antibiotics, it also kills your "friendly" bacteria. It destroys your needed intestinal flora, which is why it often causes stomach upset, intestinal upset, and bleeding.

Ascorbic Acid is a synthetic chemical and is never used in our products.

## Super-C PLUS Nature's Berry, Herbal & Fruit Vitamin-C Complex

## **Super-C PLUS** is a blend of the finest berries, herbs, fruits and vegetables known on the planet,

These berries, herbs, fruits and vegetables are organically grown or wildharvested, cleaned, dried and blended. That's it! This formula is alive, nutrient dense, the highest and most complete Vitamin-C SuperFood Complex available anywhere. That is why I call it **Super-C PLUS**!

#### Vitamin C Without The Stomach Pain

"I love the new Super-C. I started using it last month. I include it in my shake in the morning. Most notable was when I was on a trip last week and I grabbed my old Vitamin-C to take with me. I thought I'd leave the Dr. Schulze behind for later use-what a mistake! The next morning I popped the old Vitamin-C in my smoothie with my usual other supplements and within 20 minutes I got severe heartburn. Also what is AMAZING about Dr. Schulze's Vitamin-C is you can take it and it won't upset your stomach. Even on an empty stomach."

- T.W., Long Beach, CA

"I Love Super-C because it gives me glowing skin, supports my immune system and helps me maintain a healthy metabolism. You can't compare the high quality, clean ingredients this product offers. There really is a fountain of youth that slows aging, creating amazing powerful health, and it's powerful nutrition. Bottom line: Nutrition feeds every cell in your body and builds healthy strong new cells, hormones, skin, bones, muscle, and organs...it builds YOU!

## STEP 2: ELIMINATE

These formulae take a unique approach to **promoting regular bowel movements** by strengthening the muscles of the colon to work more effectively.

Every single patient in my clinic had retained waste somewhere in their body, and most often it was in their bowel. Why? I have three reasons for this...

FIRST, ALL animal foods—meat, eggs, and dairy—have absolutely NO fiber. So, when we eat it, it's really hard to get that grease and fat out of our bowel. Add in wheat and flour products, and now you have a heavy paste. SECOND, we don't move our bodies enough, and a sedentary lifestyle promotes constipation. THIRD, we have plenty of stress, major stress, which also causes constipation.

Add this up and you can clearly see why Americans have the highest incidence of constipation on the planet!

Even worse, retained fecal waste causes everything from bad skin, bad breath, and backaches, to headaches and low energy.

In the clinic, getting the excess waste OUT, along with increased nutrition, had the biggest impact to greatly increase my patients' overall health.

– Doris P.

## Intestinal Formula #1

What Customers Report

- ✓ Relieves Blockage
- ✓ Better Digestion
- ✓ Flatter Stomach
- ✓ Weight Loss

#### How It Does This

Powerfully promotes regular and complete bowel movements.

#### What's In It?

Curaçao and Wild Harvested Cape Aloe Leaf, Organic Senna Leaf and Pod, Wild Harvested Cascara Sagrada Aged Bark, Wild Harvested Oregon Grape Root, Organic Hawaiian Yellow Ginger Root, Organic Garlic Bulb, Wild Harvested Habanero Pepper

## **Everyone Retains** Too Much Waste. Everyone.

A sluggish colon can cause an almost endless amount of seemingly unrelated symptoms and problems-the average American stores 10 to 12 pounds of fecal waste in their colon, which is unhealthy. You must get the WASTE OUT.

Curaçao & Cape Aloe Leaf

Senna Leaf and Pod

Cascara Sagrada

#### Powerful UnBlockers!

Curacao and Cape Aloe leaf is the world's most potent and effective bowel-cleansing herb! When the phytochemicals in Aloe come in contact with the surface of the bowel, it causes immediate muscular contractions.

A very reliable stool softener and bowel cleanser! The Senna leaf and pod stimulate the bowel to pulse more guickly, allowing more water to remain in the stool rather than be absorbed back into the body; this makes for an easier, softer, faster bowel movement.

Little else in nature provides such swift relief and reliable results! Cascara Sagrada stimulates the bowel's natural rhythmic contractions, more commonly known as peristalsis. It also tones the muscle wall as it works, exercising and toning the bowel muscle.

#### Powerful **Eliminators**

Powerful stimulants to

and digestion.

Hawaiian Yellow Ginger Root

Habanero Pepper

#### Great **Neutralizers**

Absorbs and neutralizes poisons, toxins and heavy metals.

**Activated Willow Charcoal** 

Apple Pectin

#### Soothes & Calms

Coats and protects the bowel reducing inflammation and irritation.

Slippery Elm Bark

Marshmallow Root

#### More Herbs For A Healthy Colon

Peppermint Leaf and Oil

Clover Bud

Flax Seed

## **#1** Immediate **WEIGHT LOSS**

Since the average American stores from 10 to 12 pounds of fecal waste in their colon, removing this accumulated fecal waste from your bowel will help you to lose weight, feel lighter, and give you a flatter stomach!

## 2 Remove TOXINS

Your bowel is the largest elimination organ in your body. It is the major way that waste gets out. When your bowel is not working efficiently, your fecal waste becomes stored in your colon, eventually turning to sludge and poisoning you as it absorbs back into your body. You need to get these toxins out.

## An Abundance of **ENERGY**

Once your body begins to remove the built-up toxins, poisons, waste, acids and mucous in your colon, you will feel great, and most noticeably, have a lot more ENERGY!

## Efficient WASTE REMOVAL

Cleaning your bowel makes it a more efficient wasteremoval machine. This not only keeps the rest of your body and organs clean, but also prevents problems before they even begin.

## 5 STRENGTHENS Your Bowel

Peristalsis, the propulsive contractions of the colon muscle, help fecal matter to move along and out of your body. The herbs in Dr. Schulze's formulae work to increase these waves, thus strengthening and toning your bowel.

# STEP 3:

A healthy and strong immune system can be the key to managing stress, sleeping well, and for **looking and feeling great throughout a long life.** 

Never before in the history of mankind have we had so much stress.

First, there is the PHYSICAL stress from eating more toxic chemicals than ever existed before, and from the highest consumption of junk food, fat, sugar, grease, soft drinks, snacks and candy than ever before. Add to that the physical stress of insufficient sleep and exercise, and you have a recipe for disaster.

Now, add to that the EMOTIONAL stress of every day life. Today, our brains are being constantly bombarded and polluted with more information in one day than the average person had in their entire life just 100 years ago. My patients were literally run over on the information highway.

Every patient that walked into my clinic was beat up, run down, and worn out, which caused a depressed immune system.

Echinacea potency and efficacy depend upon who grew it and what steps they took. Our Echinacea Purpurea seeds are planted for a minimum of two years to yield the highest quality seeds. Almost all other herbal companies harvest within a twelve-month cycle.

## STEP 4: DETOX

Routine cleansing of all your major elimination channels to stimulate, flush, and tone your body is **essential for optimum health.** 

Every single one of the 37 trillion cells in your body creates metabolic waste as it functions. Therefore, the constant elimination of this cellular waste is of the utmost importance to PROTECT you and create POWERFUL health.

Every cell relies on your body's "garbage disposal" systems—like your bowel, liver and kidneys—to remove this waste from your body.

When any of these waste disposal systems gets congested, sluggish, or slows down, your cellular waste starts backing up. This is a serious problem.

At first, you'll feel bad, have low energy and headaches, because you are living in a polluted body. When these systems back-up or stop, you become really sick and can even die.

Like preventative maintenance for your car, routine seasonal detoxification is preventative maintenance for your body. It protects you and keeps you strong and healthy.

# Specifically Female

### Balance your body chemistry

Female Formula will regulate and balance female health and provide a sense of well-being and control. It allows women to stay more youthful and natural and to make comfortable transitions from puberty through menopause and beyond.

### Help your body support pregnancy

In Natural Healing, trouble with getting pregnant is simply a protective measure your body takes. It knows that (in an unhealthy state) you may not survive a pregnancy. Even if you do, your children could be born unhealthy. In Dr. Schulze's clinic, couples who wanted to have children had an easier time if they were willing to get healthy first. Doing all of Dr. Schulze's Foundational Programs while taking his Female Formula will help you achieve the best results.

## Transitioning to Menopause

Every woman—regardless of genetics, lifestyle, or environment—will sooner or later experience menopause. If you're a woman and live long enough, there's no avoiding it. The natural approach is the only sane approach. Support your body. STOP your bad habits, START new healthy ones, and use Female Formula to guide you through this natural transition with more ease and bliss.

## Dr. Schulze's **3 Solutions for** Menopause:

### #1 At the Onset of Symptoms

If you are a woman who is beginning to experience any of the symptoms of early menopause, start this herbal support program immediately! Take one dropperful of **Female Formula** three times per day for the next 90 days. Also, increase your nutrition by adding **SuperFood PLUS** and **Super-C** PLUS to your daily food program, and start exercising regularly to increase circulation.

### #2 During Menopause

If you are experiencing anything from hot flashes, night sweats, and nausea to increased anxiety, irritability, frequent urination, skipped periods, or heavy bleeding, you don't have to suffer! Increase your dosage of **Female Formula** to two droppersful three times a day, and take your **SuperFood PLUS** and **Super-C PLUS** twice daily, along with regular exercise.

### #3 Peak Menopause

Begin the previous program immediately, along with these three bonuses: First, anytime you are experiencing extreme menopausal conditions, take a Female "SHOT" immediately, day or night! Next, during the first month of this regimen, complete one 5-Dav BOWEL Detox followed by a **5-Day KIDNEY** Detox. Keeping your elimination systems clean and in good working order takes physical stress off your reproductive organs and eases the transition through menopause. Finally, start a vegan-vegetarian food program for the next 90 daysthe hormones in all animal food. even dairy products, make this natural transition much worse for you.

### DR. SCHULZE'S CLINICAL EXPERIENCE

While running his clinic, Dr. Schulze saw many women who became incapable of functioning normally (both physically and emotionally) because of the change that was naturally happening to their bodies. They weren't sick, they just weren't the same. Or, at least they didn't feel that way.

Dr. Schulze's **Female Formula** was a lifesaver for them. Besides the obvious health benefits of hormonal balancing, many saved their marriages, their families, their careers and their sanity by using this formula. It regulates and balances the complex changes that happen to women from puberty through the menopausal stage of life. Female Formula will regulate and normalize female cycles. And, it will increase sexual desire.

# **BALANCES** Female Hormones And **RELIEVES** Bloating & Mood Swings!

### Understanding the Monthly Cycle In Women

Dr. Schulze helped thousands of female patients naturally deal with premenstrual cycles in his clinic. What causes discomfort during regular premenstrual cycles is very simple to understand. Prior to menstruation (your period), both major hormones, estrogen and progesterone, decline. Look at the chart below that graphs the hormone levels in a typical 28day menstrual cycle.

Day 1 is the first day of menstruation. You would ovulate on about day 14. Day 28 is the last day of your cycle, and then your period starts again. Your estrogen and progesterone hormone levels stay relatively level until just before ovulation. By Day 11, estrogen levels climb dramatically, peaking within a day or two before declining. Progesterone levels rise slightly later, around Day 13, just before ovulation, and peak later in the cycle, around Day 20. But estrogen and progesterone levels begin to decline around Days 20 to 22 and decrease sharply on Days 24 through 28.

This typical but dramatic reduction in hormones before your period is enough to cause your body to protest. But it isn't a disease! For some women, awareness of it and some lifestyle modifications will balance it right away.

## Dr. Schulze's Premenstrual Relief Program

Suggested use during PMS: For a regular 28-day cycle, on the 18th day after the start of your last period, take one dropperful of Fem+ (Female Balance) in the morning and one in the evening. On the 19th day through the start of your next period, take one dropperful of Fem+ three times daily. This intake can be increased to two droppersful of Fem+ three times daily with an occasional boost of up to four droppersful during extreme cases. Discontinue the formula once your period begins.

### Dr. Schulze's Awareness Treatment

During the time before menstruating, behavior and lifestyle modification are of great importance. DON'T SET YOURSELF UP FOR FAILURE! First, don't go clothes shopping, especially with friends. Everything will be tight because of your water retention, and you will hate yourself. I had hundreds of crying women come into my clinic, describing themselves as looking like a whale. Don't do this to yourself. Also, do not set up any meetings with your partner or boss that you know will be tense or intense. especially discussions regarding

remodeling, and NOT where your marriage or relationship is headed. It is a time to celebrate being a woman. Celebrate being yin, calm, and meditative. Love and accept yourself. 'Soothing' is a great word and mantra during these ten days. Think hot baths, candles, essential oils, soothing music, stretching and breathing classes, exercise classes, long walks, easy chairs, sweat clothes, and blankets. Do you get the picture? I know you still have to work and run your life, but plan some extra time for yourself, and don't get into anything heavy. I have had thousands of patients with severe PMS heed my advice. Set yourself up to win!

# **Your Prostate:** What You Need To Know

## FACT:

Researchers estimate that 80% of all men will develop an enlarged prostate. FACT: There were over 150,000 prostatectomies performed in the U.S. last year.

### FACT:

By age 50, **35%** of all American men have prostate issues.

### DR. SCHULZE'S CLINICAL EXPERIENCE

Dr. Schulze had many men who used his Prostate Formula to achieve optimum prostate health—even those with enlarged prostates due to infection, swelling, or worse. The herbs in this formula naturally promote the flow of urine and will help you maintain a healthy prostate size.

Dr. Schulze had his patients adhere to a vegetarian diet, which helps to reduce prostate enlargement naturally. The vegetarian food program is not a moral issue but fundamental and scientific. Farmers are constantly injecting cows, pigs, and chickens with steroids and growth hormones to make bigger animals with more flesh so that they can increase profits. You naturally produce hormones and steroids during puberty, stimulating the growth of the sexual organs and prostate. But these were not animal growth hormones. Many researchers have linked these injected animal growth hormones to the massive increase in prostate issues worldwide.

When patients used Dr. Schulze's **Prostate Formula**, his Foundational Herbal Formulae, and a vegetarian food program, they all experienced significant improvement in urination due to their prostates functioning better.

I have heard this same report in the past from thousands of my male patients. **99**

# Frequently Asked Questions

### How much is a dropperful?

A dropperful is whatever comes up in the dropper when you squeeze it. Often, it only looks like half a dropperful, but whatever you get when you squeeze the dropper-that's a dropperful.

If you counted it (which would be boring), it would be about 35 drops. There are also about 35 droppersful in every 1-ounce bottle and about 70 droppersful in every 2-ounce bottle.

### What are the standard dosages for the herbal formulae?

The standard dosage is 2 droppersful, three times daily. If you're having problems, you can certainly take 4 droppersful, three times a day, or 4 droppersful, five times a day.

For immediate relief, you can increase your dosage to 6 droppersful, 8 droppersful, 10 droppersful, or more. Then, once you start getting results, go back to the standard dosage.

The bottom line: If you're not feeling well and your symptoms persist, take more herbs and take them often. That's how you get well and create powerful health.

### What are the dosages for children and pets?

ALL of my dosages are based on an adult dose of a 150-pound person. Age is NEVER a good factor when calculating dosage. The only accurate way to calculate the dosage for anyone (or anything) is by weight. You simply take the weight of anything-Child, Adult, or even Animal—and make a fraction by putting the patient's weight over 150.

### ADULTS

If you weigh less or more than 150 pounds, you have to consider this. My son's airlfriend weighs 100 pounds, so she would never take a full adult dose. She would be 100/150 or 2/3rds of a full dose. Consequently, an adult who weighs 300 pounds, 300/150, would take 2/1 or twice the adult dose.

Kids almost always weigh less than adults. So you take the baby's, child's, or even teenager's weight over 150. For a 15-pound baby, 15/150 is 1/10th of the recommended (adult) dosage. A 30-pound toddler would be 30/150 or 1/5th of the recommended adult dose.

### **ANIMALS & PETS**

CHILDREN

They can be quite smaller or massively larger than humans. A 10-pound pet would be 10/150 or 1/15th of an adult dose, whereas a 1.500-pound horse would be 1500/150 or 10/1 or 10 TIMES the recommended dosage. If a 2,000-pound horse has colic, 2,000/150 is approximately 13.5 times the adult dose. In this instance, you can tube a dying horse and give it an entire bottle of Intestinal Formula #1 (which I have done many times).

### A Final Note:

When in doubt, give more. While most practitioners worry about overdosing, I used to worry about my patients not getting well because I didn't give them enough!

(actual customer pictured)

### What are the specific dosages for Dr. Schulze's three main foundational products?

### SuperFood PLUS

Dr. Schulze suggests 2 tablespoons of SuperFood PLUS powder in a morning drink or 15 tablets in the morning. You can also take 5 tablets three times a day. That's the daily dosage. Now, if you have low energy or an afternoon slump, you'll want more nutrition in your body. In this case, Dr. Schulze suggests you take 2 tablespoons and make a SuperFood drink in the morning and again in the afternoon or take more tablets. If you're ill and trying to build-up your blood, Dr. Schulze suggests taking his SuperFood PLUS

three times, even four times a day. Just spread out your dosage throughout the day. The bottom line is you can take as much as you need to get your blood strong.

### Intestinal Formula #1

Dr. Schulze suggests starting with 1 capsule at night and seeing what happens the next day. If you're not impressed with how your bowel works the next morning, take 2 capsules the next night. Then, if you're still not impressed, go up to 3 capsules the following night until your bowel is working great. If it's an emergency and you need to purge, take 2, 3, or 4 capsules with some food. It's not going to kill you, and it's going to get whatever is in you OUTespecially if you have something like food poisoning or ate some bad food. Or, use Dr. Schulze's Bowel Flush "SHOT."

### **Echinacea PLUS**

Like all of Dr. Schulze's liquid herbal formulae, the standard dosage is two droppersful, three times daily. That said, there are 12 droppersful of Echinacea in each **C&F Herbal "SHOT**," so it's fine to increase as needed. Dr. Schulze even suggests using an entire 2-ounce bottle daily if you have severe symptoms. He would call that a 'heroic dose,' meaning that sometimes you have to dose yourself with a lot more than the standard dosage to get results. You'll find that most often, you'll feel better, and you'll get well. So, don't be afraid to increase as needed.

# **5** What happens if I take too much?

Dr. Schulze's clinical experience with herbs and herbal formulae is that, in the worst-case scenario, you're going to feel a little sick to your stomach. However, this rarely happens. What usually happens is when you take larger doses, you get well. So don't be afraid to significantly increase your dose when you're not feeling well.

# **6** What are the expiration dates for the herbal formulae?

All of Dr. Schulze's Specific Formulae are tonics. Unopened, naturally preserved tinctures have an indefinite shelf life. Fifty years from now, an unopened bottle of one of Dr. Schulze's formulae would still be good to use and just as potent. However, once opened, we recommend consuming them within one year.

You should consume all dried, powdered, and capsuled products (e.g., **SuperFood PLUS, Intestinal Formula #1, Intestinal Formula #2, HerbalMucil PLUS, Detox**  **Tea, K-B Tea, and SuperSlim**) within one year of purchase. Once opened, consume them within six months for maximum potency.

### **7** Is it okay to take the formulae if I'm pregnant or nursing?

Dr. Schulze heard this question 10,000 times in his clinic, and his answer was always, "Yes, you can cleanse and detox during pregnancy, and you can cleanse and detox during nursing." But you want to use your common sense. Certainly, SuperFood PLUS is the best for pregnancy and nursing because you're feeding the fetus or the baby the best blood and then, once it's born, the best milk you can imagine because you're fortifying your blood and your milk with SuperFood PLUS. The Intestinal Formula #1. well, here's where common sense comes in. You shouldn't be sending yourself into an extensive, intensive, cathartic bowel movement in your eighth and-a-half month of pregnancy unless you want to bring on labor.

You can use **Intestinal Formula #1** even in your third trimester; that's no problem. Just don't cause any major bowel catharsis. Please keep it simple

and lower your dosage. Once you have your baby, if you want to use Intestinal Formula #1. that's fine. But remember, any herb you take will get through your milk into your baby on a reduced level. So, you're also going to be treating your baby, too, which is excellent because if your baby has an infection, you can take high dosages of Echinacea PLUS, and it will get through the breast milk into your child. So yes, you can do all the programs when you're pregnant or nursing. Just use your head and your good common sense.

# **8** How much alcohol is in the formulae?

The base of the majority of Dr. Schulze's herbal formulae is mainly distilled water, but most of them do contain organic, pure-grain alcohol as well. However, the amount of alcohol in the average dose of tincture is equal to the amount of alcohol in a ripe banana.

This dosage has been tested on people who are alcohol sensitive with no adverse reactions. It is also a safe amount for anyone in a 12-Step Program or Alcoholics Anonymous. If you're still concerned about the alcohol, you can place the tincture in a cup, pour boiling water into the cup, and the alcohol will evaporate in seconds.

# **Our Customers** Say It BEST!

### It Is Amazing!

I came out of a coma after eighteen years and I could not go #2 on my own without pain and much time between. Doctors couldn't find anything wrong with me. I took the herbal Intestinal Formula #1, and the very next morning went to the bathroom and had soft stools with no pain. It is amazing!

- Melissa V., Palm Harbor, FL

### **A Turning Point** In My Life!

I could never even get up and make some tea. After I took SuperFood, in 2 days I was cooking all meals and in 2 weeks I was driving myself to the supermarket. It was a turning point in my life and still today I take SuperFood.

- N.H., Calibrook, NH

### Spend Money On **Products That WORK!**

"My son was coughing one night so I gave him the C&F "SHOT" with Echinacea. He was sweating after he took it and the cough went away. It's worth it to spend money on the product that works."

- I.T., Tolland, CT

### Getting More Sleep!

"I have been sleep deprived for over a decade. The most I'll sleep in one night is two hours. Last night I increased my Nerve Formula by two droppersful, and for the first time in 10 years, I slept for 6 hours straight. I'm extremely happy with the Nerve Formula and wanted to share!"

- Kathleen C., Danville, PA

### It's A Miracle!

It's incredible! Just had minor oral surgery and my doctor said I needed high protein so I made up a drink using double dosage of Super Protein PLUS, Super-C powder, and SuperFood PLUS. I drank it all day from morning to evening. When I saw the doctor for my follow up he said, "It's a miracle!"

- M.J., Miami, FL

### **Started Clearing** Me Up Instantly!

"A friend of mine said, "I have something that will get you well." And I said, "OK, I'll try anything at this point." I took your SuperTonic that night and again the next morning and it started clearing me up instantly."

- Kimberly R.
