Who is

**Dr. Schulze?**

I'll tell you who I am...

I'm an **Intense,**  
**Passionate, Radical,**  
**Revolutionary,**  
**Ass-Kicking, Results**  
**Oriented, No Bullshit,**  
**Tough Guy, Herbal**  
**Doctor and Natural**  
**Healing Evangelist.**

**Over 40 years ago I started my clinic.** It spanned three decades—the 70's, 80's and 90's—in Hollywood and Malibu, California. I had about 20,000 patients and students. There are now over one million people around the world that are using my herbal formulas and following my natural healing routines.

**Even though I trained with the best doctors, I threw most of what I learned away, and rewrote what was left.** It was outdated and weak. I always say, *“While medical doctors are boiling down poisonous chemicals to make chemotherapy, and sharpening their knives to cut out your organs, many alternative practitioners are pussyfooting around with chamomile tea and scented candles, literally afraid.”*

**My patients were sick, many critically ill. Their medical doctors told them to go home, that there is nothing that could be done, no cure, no hope, you're dead.**

That's when they came to me (because no one goes to a weed doctor first).

**Maybe the only difference between my colleagues and myself was that I wasn't afraid. I had the balls to take it to the MAX.** I had nothing to lose, so I was free to give them extreme doses of my super-strong herbal formulas and try to kill them with fresh organic juices and natural healing routines. But, I couldn't kill them. Instead, they got well.

**That's when I truly learned:**

You can HEAL YOURSELF of anything. Just STOP doing what is making you sick. And START doing what will Create Powerful Health.

Then the Healing MIRACLES Happen!!!

**Shocking to me, over the past 40 years, nothing much has changed.**

Most herbal medicines sold today are weak. Most herbal companies have no herbalist. I'm not joking. Marketing executives at these companies design herbal

formulas based on what's trendy, cool, and popular. And the few companies who actually have herbalists, the herbalist just studied about herbs but never had a clinic and never had any patients! So basically, they are *virgin sex counselors* designing and selling their bottled *herbal theories*. Either way, it is no surprise people are not getting well.

**The bottom line is my patients taught me that weak herbal formulas and wimpy routines will not get anyone well.** One of the main differences in my clinic was that I made herbal formulas that were much stronger! I used stronger herbs, stronger concentrations, and extreme dosages until my herbal colleagues fainted... but my patients got well. The miracles happened!!!

**So YES, I am an intense, passionate, radical, revolutionary, ass kicking, results oriented, no bullshit, tough guy, herbal doctor, and natural healing evangelist.**

**I'm the HerbDoc.** I don't co-sign bullshit. I expose it. I piss-off many herbalists and medical doctors alike with the truth. I may make enemies, but I only care about YOU.

**I help people create amazing, healthy, energetic, and long lives. I help people to heal themselves. I make herbal formulas that WORK!**

**— Dr. Schulze**

Nobody Does It  
Like **Dr. Schulze!**

**A**t Dr. Schulze's American Botanical Pharmacy, we take your trust extremely seriously. We guarantee you that we use the PUREST, most potent herbs. No herbal formula is made more concentrated or POTENT, and none have more clinical success stories or PROVEN results than Dr. Schulze's original clinical herbal formulas and products.

## THE PUREST

Over 30 years ago, Dr. Schulze was one of the first to use organically grown and wild-harvested herbs to make his clinical formulas, long before it was fashionable or trendy. His passion has always been to find the cleanest and most powerful herbs available, and using organic achieves both clean and powerful.

### No Toxic Chemicals Ever!

Dr. Schulze always says, "It is not good, common sense to make a formula for cleaning and detoxifying your organs and body with herbs sprayed with toxic fertilizers, insecticides, pesticides and other farming pollutants. It is not safe to ingest them, and worse, these toxic chemicals also pollute the land and environment."

## THE MOST POTENT

Growing and finding the purest herbs is the first and most important aspect of making the finest herbal formulas. The second most important aspect is taking your time when preparing these formulas. Today, most herbal manufacturers have sped-up their processing time to quick 3-day extractions (or even 3-hour extractions) by using heat and, sometimes using freeze-dried extracts, not even using the actual raw plants and herbs anymore. We use a 14-day extraction cycle because it is the proven, centuries-old method for making the most potent herbal formulas.

## We Never Skimp On Herbs!

Next is our herb-to-liquid ratio. Herbal authorities and the new breed of herbal manufacturers now say that only 10% of raw herbs to 90% liquid is necessary to make most herbal tonics.

Obviously, these manufacturers have never been really sick, never run a clinic, never had patients or have never had sick children, parents or siblings they were trying to keep alive. If they had, they wouldn't be thinking about scrimping and putting 10% or 20% or only 30% herbs in their products.

## We Cram The Vats To The Top!

Like the picture on this page, all of our tonics are made by filling each and every vat up to the VERY TOP, 100% with raw herbs. In fact, with every vat, when we add the liquid menstrum, the vats overflow and herbs spill onto the floor. Here is what Dr. Schulze KNOWS: "My clinic was filled with patients that were still ill, long after the doctors gave up. But, when they started using my much more concentrated formulas, they saw immediate and remarkable results."

## AND PROVEN

Dr. Schulze designed his clinical herbal formulas for his patients and, for over three decades, has refined them to be the most EFFECTIVE herbal formulas anywhere.

## We Focus On Results!

Designing herbal formulas without ever having run a clinic is like typing on a computer keyboard without a monitor — you have no idea what the results will be. You would be surprised at how many herbal manufacturers design their formulas in exactly this way, focusing on what is trendy and what will sell, with no focus on results. We keep our focus on PROVEN results!

“The best herbal products must begin with the **Best Quality Herbs.**” —*Dr. Schulze*

**We take the extra steps to bring you the most extraordinary products.** This, and much more, is what we do every day in our commitment to support you to create powerful health naturally!

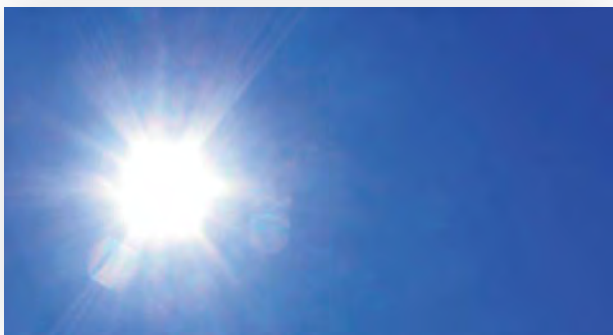

## In The Ground **For Two Years**

The potency of an herb is based on how well it's prepared. Our **Echinacea Purpurea** seeds are planted in the ground for a minimum of two years to yield the highest quality seeds. Most herbal companies harvest within a twelve-month cycle, or less.

## **Fresh** Off The Tree

We pick our premium **Ginkgo biloba** leaves fresh off the tree for maximum potency, rather than harvesting the leaves already on the ground. Of course, it's easier and cheaper to just shovel them up, but that's not who we are.

## **Most Potent** Spirulina on Earth

Our **Spirulina** is grown in a region with over 300 days of sunlight per year—more than any other Spirulina-growing region in the world—yielding much more vitamin content per serving.

## Never Pasteurized

Our organic **Almonds** come from Europe, since our home state of California requires all almonds to be pasteurized.

## More Rich Flavor & Potency

Our **Cinnamon** contains extremely high-volatile oils because it is harvested from older trees and thus has more flavor and potency.

## Shade Dried, Never Heated For Peak Freshness

All of our herbs are shade dried and never heated to preserve maximum freshness and potency.

## Pure From Beginning to End

Our herbs are never irradiated or gassed like 90% of the herbs sold today. So when we say “pure”, we mean pure, from beginning to end.

# BEWARE OF FAKES

*Many herbal products I look at today in drug stores, and even health food stores, USE THE WRONG (or non-medicinal) PART OF THE PLANT!!!!*

*All herbs have a specific part of the plant that has the highest concentration of the medicinal HEALING chemicals. Often, the rest of the herb is thrown away. They use the non-medicinal part that we throw away because they can still say ECHINACEA on their labeling, even though they are using the woody stalk or leaves when the medicinal (and expensive) part of the plant is the root and seeds. Many vitamin manufacturers do this and customers just don't know.*

*It would be like eating the bark of an apple or pear tree, when it is the fruit that is the nutritional part. Or like eating spinach root, not the greens, or garlic leaves and not the bulb.*

*So BEWARE, there are many FAKE herbal formulas out there just robbing you of your money by selling you what I throw into my compost pile. Worse, they are robbing you of your health!*

## Nature's Miracles

**For decades in my Malibu clinic,** I saw patients with cuts, wounds, burns, dry skin, red skin, cracked skin, irritated skin, inflamed skin, infected skin, rashes, premature aging and wrinkles, dermatitis and various other skin disorders...**You name the skin problem, I saw it!**

And as God, Nature, and Great Luck always surround and bless me, I was also blessed to have a huge Aloe “hedge” in front of my clinic that was about 40 feet long, and parts of it towered over my head. For years in my clinic, I was out there almost every day cutting and filleting Aloe leaves to blend with numerous amazing herbs and herbal oils to relieve hundreds of different skin ailments. Over the decades, my patients used to refer to my herbal blends as “Miracle Cream.”

In the years since my clinic closed I have always made some version of my “Miracle Cream” for myself and my family and friends, but **finally, after thousands of requests, I have decided to make it for everyone in 2019!**

*Continues on next page...*

# If You Want Skin Regeneration, Miraculous Skin Repair, Anti-Aging, And Potent Skin Nutrition All In One Formula, **Miracle Cream Is For You.**

It contains the most naturally concentrated sources on the planet of Vitamins A, C, E, powerful plant Antioxidants, Omega 3 and 6 essential fatty acids, and numerous skin repairing phytochemicals.

## **ALOE VERA**

***“Medicine that heals skin!”***

Aloe cactus leaves contain a gel inside that has more than 75 identified biologically active natural plant chemicals. It includes 20 of the 22 human required amino acids, all of the 8 essential making it a complete protein, plus a rich array of vitamins, minerals, antioxidants, and enzymes. It also contains many very powerfully active healing phytochemicals.

So powerful the highly respected medical text, the Merck Index, describes Aloe as a “medicine that heals wounds.” Other medical texts describe additional chemicals in Aloe that cause “cell proliferation,” meaning causing **RAPID REPRODUCTION** of skin cells.

Over the decades I have seen numerous medical reports showing Aloe’s almost miraculous ability to repair and stimulate skin cell growth 4 to 10 times faster than normal. Damaged skin, healing itself faster, that’s what we want!

## **SHEA BUTTER**

***“Deep, penetrating, renewing!”***

Shea butter is extracted from a nut from an African tree. It is used in over 20 African countries for hundreds, probably thousands, of years for every type of skin problem from repairing and renewing cracked, aged, and damaged skin to burns. The tree is one of the richest sources of fatty acids on the planet and very high in Vitamin A. One of its greatest properties is that it absorbs very, very quickly into the skin.

## **DRAGON’S BLOOD SAP**

All saps have very high amounts of antibacterial protective and anti-inflammatory properties, but this amazing sap also has phytochemical compounds that actually repair collagen.

## **GOLDENSEAL ROOT**

***“Protects skin against the outside world!”***

Goldenseal is a potent antibacterial herb for the skin. This is extremely important because anytime your skin is dry, cracked, or broken it’s a “security breach.” Your skin is the physical barrier that protects the inside of your body from dangerous threats of the outside world. When your skin is damaged, your body is now open to invasion from all types of harmful microbes. Goldenseal has been shown to destroy the most harmful pathogens and bacteria without damaging your skin. This is why I always use it in my skin formulas. It is potent but gentle for the most sensitive skin.

## **ALOE — BEWARE OF FAKES**

*So much of the Aloe I see today is just fake, worthless junk. Stuff that looks like alien sludge or Dippity Do hair setting gel; fluorescent blue and green gel that often says 99% pure Aloe vera! Yeah, but what they don’t tell you is it’s only 2% Aloe vera, but that 2% is 99% pure. So beyond all the garbage out there being sold as Aloe, that doesn’t work at all, the real plant, and the real gel from the cut leaves, is so powerful, you can watch the skin begin to restore itself overnight.*

## MIRACLE OIL BLEND

*“The most nourishing skin rejuvenating food!”*

### FLAX SEED OIL

One of the greatest anti-inflammatory agents found in nature. I used it extensively in my clinic to literally put the fire out from inflammation, both internally and externally.

### HEMP SEED OIL

Very similar to flax, this oil is rich in Omega-3 and Omega-6 fatty acids; the most powerful, natural anti-inflammatory herbal substances. Additionally, it is a rich, pure source of natural Vitamin E Complex.

### ROSEHIP SEED OIL

Famous worldwide for containing high amounts Vitamin A, C and E, natural free-radical fighters, which makes it slow down skin aging. Also, when it is absorbed into the skin, it is converted into substances that cause rapid skin regeneration.

### BORAGE OIL

Another amazing anti-inflammatory for the skin. This oil is one of the highest in Gamma Linolenic Acid (GLA), which makes it amazing for many skin disorders.

### BAOBAB OIL

Often referred to as the “Tree of Life” because it can live to over 500 years.

The cold-pressed oil from the seeds is also a rich source of Vitamin A and C making it another potent antioxidant to fight free-radicals. This makes it an anti-aging wonder with the addition of other natural phytosterols that make it a powerful wound healer.

### ECHINACEA & PLANTAIN INFUSED TUSCAN OLIVE OIL

For thousands of years olive oil has been used on the skin. My organic olive oil is from my organic farm in the hills of Tuscany and pressed in a facility that is 800 years old, using the same equipment from 800 years ago.

It is a powerful skin treatment on its own, but then I pour it over ground-up Plantain leaves and Echinacea root and let it steep. Plantain is one of the greatest herbs for the skin, and any irritation or inflammation. Plantain contains Allantoin, which helps cell growth, and Aucubin, an antimicrobial. I know Echinacea is famous for immune boosting, but it is also excellent for topical treatments like wounds, burns, and bites.

### WHEAT GERM OIL

This oil is an extremely rich and potent source of Vitamin E, and all its complex nutrients that you don't get in synthetic or isolated Vitamin E. Very different than the regular toxic Vitamin E that everyone else uses that is a by-product of filmmaking and other industries and distributed by chemical plants.

Wheat germ oil's properties help regenerate scar tissue and help support healthy collagen formation.

### LAVENDER ESSENTIAL OIL

The most widely used essential oil in the world today. The Egyptians used lavender for mummification, and they still could smell it when they opened King Tut's tomb 3,000 years later. A strong but gentle oil known for its antimicrobial, antioxidant abilities slowing aging and medical studies show it promotes wound healing in the early phases of the formation of new skin.

Wound Care  
With **Anti-I &  
Miracle Cream**  
For Any Scrape,  
Cut Or Wound,  
You Need To  
**Do 3 Things...**

- 1) **STOP THE BLEEDING**
- 2) **CLEANING**
- 3) **HEALING**

## STOP the BLEEDING

After a small amount of bleeding to naturally cleanse the wound, now it's time to STOP IT! Usually a little pressure and maybe elevation is all that's needed. If there is serious blood loss, that's what hospital emergency rooms are for. But, for the vast majority of bleeding, just put a little pressure on the wound and in a few minutes the bleeding will stop.

## CLEANING

The first thing I reach for with any cut or wound is my Anti-I Formula because this herbal formula does so many things! If the wound is dirty, a little soaking in salt water is nice to cleanse the wound. Then liberally brush if not pour my Anti-I over the wound. This formula will also help to stop the bleeding. It might sting a little because the vast majority of herbs I put in this formula kill bacteria, fungus, and pathogens. The tree saps in the Anti-I not only help "glue" the wound back together, but they also seal the wound with a protective barrier. If necessary you can even use medical tape or butterfly bandages to hold the wound shut. I've even used electrical or duct tape in a pinch.

## HEALING

After a few hours, the bleeding has stopped and now it's time for the healing. This is the HEALING MIRACLE OF THE HUMAN BODY! No doctor or drug can do this for you, which is bleed and then create new tissue and skin. It's truly a miracle that we ignore, bleeding, blood, plasma, a scab and new skin. Even I can't do this for you...but I can speed up your body's own repair process! This is when to use Miracle Cream, until the wound is completely gone.

# The Best.

Dr. Schulze's SuperFood nutritional products are simply the best. The most potent, herbal supplements available, **period.**

to blast your bloodstream with a rich supply of nutrients derived from the most potent plant superfoods on the planet, painstakingly selected by Dr. Schulze in his clinic to increase your energy, vitality and strength.

## There Is NO Competition

The majority of the dietary and nutritional supplements on the market are nothing more than cheap industrial chemicals or fillers with minuscule quantities of natural ingredients, if any. Your body passes most of these cheap toxins right through without even trying to utilize them.

Dr. Schulze has been perfecting his SuperFood formulas for 40 years. Each formula contains nothing but natural ingredients (100% foods and herbs), sourced from around the world, and carefully chosen for purity, potency, efficacy, and its ability to be rapidly assimilated by your body.

## You NEED SuperFoods

Most people today live on a diet of over-processed and overcooked food, not to mention coffee, sugar, chocolate, junk food, prescription drugs, and alcohol. Even if your diet is healthy, our environment is more toxic and has more chemical pollutants with less oxygen in it than ever before. Most of us suffer from lack of exercise, lack of sleep, and excessive stress. This constant bombardment devours nutrients.

Nutrition is what builds every cell, every organ, and every metabolic chemical in your body—it's what YOU are made of. A lack of nutrition in your blood can cause everything from low energy and a weak immune system to premature aging and virtually any issues. Having a rich supply of nutrition in your blood gives you energy, vitality and strength.

## **SUPER NUTRITION KIDS CAN SWALLOW!**

“I’ve been taking the SuperFood Plus pills for year and, when my youngest child turned 8 years old, I wanted to give her the same nutrients I was getting from the SuperFood pills. Unfortunately, the pills were too big for her to swallow so I have to cut them up. However, when Dr. Schulze came out with the SuperFood Kids tablets, I was so excited because now I was able to give my youngest child the same nutrients that SuperFood pills gave me. The kids tablets were easy for my younger child to take and I felt good knowing that she was getting some good nutrients that I couldn’t always give her on a daily basis. Thank you Dr. Schulze, for making a product for the younger generation, as well!”

# Nature's UnBlockers.

Dr. Schulze's elimination formulas take a unique approach to **promoting regular bowel movements**. Instead of bypassing your system by softening your stool, they **strengthen the muscles of the colon** to work more effectively, **while also absorbing and neutralizing the many toxins** found in retained, excess waste.

Every single patient in Dr. Schulze's clinic had retained waste somewhere in their body, and most often it was in their bowel. Why? Dr. Schulze has three reasons...

FIRST, ALL animal food—meat, eggs and dairy—has absolutely NO fiber. So, when we eat it, it's really hard to get that grease and fat out of our bowel. Add in wheat and flour products, and now you have a heavy paste. SECOND, we don't move our bodies much, and a sedentary lifestyle promotes constipation. THIRD, we have plenty of stress, major stress, which also causes constipation.

Add all of this up, and you can clearly see why Americans not only have the highest incidence of constipation, but also the highest incidence of colon and rectal disease on the planet!

Even worse, **retained fecal waste causes everything from bad skin, bad breath, and backaches, to headaches and low energy.**

In the clinic, getting the excess waste OUT, along with increased nutrition, had the biggest impact to greatly increase Dr. Schulze's patients' overall health. His patients were always so amazed at how much better they felt after having regular and complete bowel movements.

# Everyone Retains Too Much Waste. Everyone.

A sluggish colon can cause an almost endless amount of seemingly unrelated symptoms and problems. The average American stores from 10 to 12 pounds of fecal waste in their colon, which is definitely not healthy. **You must get the WASTE OUT.**

**Curacao & Cape Aloe Leaf**

## Powerful **UnBlockers!**

Curacao and Cape Aloe leaf is the most potent and effective bowel cleansing herb in the world! When the phytochemicals in Aloe come in contact with the surface of the bowel, it causes immediate muscular contractions.

**Senna Leaf and Pod**

A very reliable stool softener and bowel cleanser! The Senna leaf and pod stimulate the bowel to pulse more quickly, allowing more water to remain in the stool, rather than be absorbed back into the body; this makes for an easier, softer, faster bowel movement.

**Cascara Sagrada**

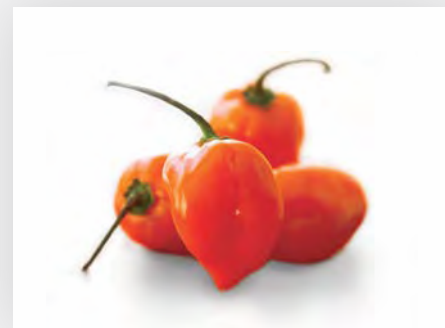

Little else in nature provides such swift relief and reliable results! Cascara Sagrada stimulates the natural rhythmic contractions of the bowel that are more commonly known as peristalsis. It also tones the muscle wall as it works, exercising and toning the bowel muscle.

Powerful stimulants to support both elimination and digestion.

# 5 Incredible Benefits From Using The Most Powerful UnBlockers!

---

## Immediate **WEIGHT LOSS**

Since the average American stores from 10 to 12 pounds of fecal waste in their colon, removing this accumulated fecal waste from your bowel will help you to lose weight, feel lighter, and give you a flatter stomach!

## Remove **TOXINS**

Your bowel is the largest elimination organ in your body. It is the major way that waste gets out. When your bowel is not working efficiently, your fecal waste becomes stored in your colon, eventually turning to sludge and poisoning you as it absorbs back into your body. You need to get these toxins out.

## An Abundance of **ENERGY**

Once your body begins to remove the built-up toxins, poisons, waste, acids and mucous in your colon, you will feel great, and most noticeably, have a lot more ENERGY!

## Efficient **WASTE REMOVAL**

Cleaning your bowel makes it a more efficient waste-removal machine. This not only keeps the rest of your body and organs clean, but also prevents problems before they even begin.

## **STRENGTHENS** Your Bowel

Peristalsis, the propulsive contractions of the colon muscle, help fecal matter to move along and out of your body. The herbs in Dr. Schulze's formulas work to increase these waves, thus strengthening and toning your bowel.

# The UnBlockers.

For Good **Reason.**

Peristalsis, the natural contractions of the colon muscle, is what helps your fecal matter to move along and out of your body, every day. If your peristalsis is weak or sluggish, the feces in your colon just sits there, festering and becoming toxic. Dr. Schulze's powerful herbal blend contains the natural phytochemical Emodin, which increases peristaltic waves, toning and strengthening the muscle to work more efficiently, so you can **get the waste out and have a flatter stomach!**

**Intestinal Formula #1** is Dr. Schulze's premiere elimination product to powerfully promote regular and complete bowel movements.

**Intestinal Formula #1 MAX** is a maximum strength version of Intestinal Formula #1, created for those who need something a little stronger.

And for those who need something a little milder, **Intestinal Formula #3** is a liquid version that is great for the whole family.

**Intestinal Formula #2** is a powerful vacuum, designed to draw toxic waste and build-up out of the colon. For the majority of people, we recommend this formula to be used along with

Intestinal Formula #1, to ensure your colon is working more efficiently. Also, for a small group whose bowel runs "hot", skip Intestinal Formula #1 and go straight to Intestinal Formula #2. It truly puts the fire out.

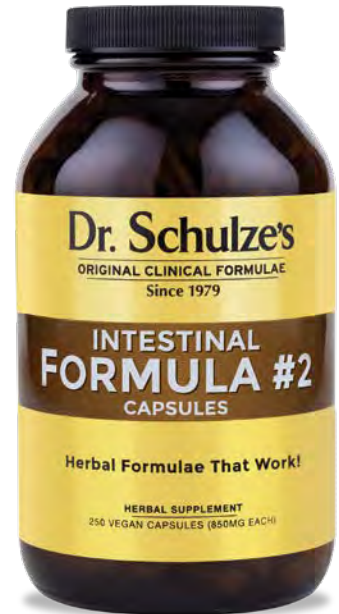

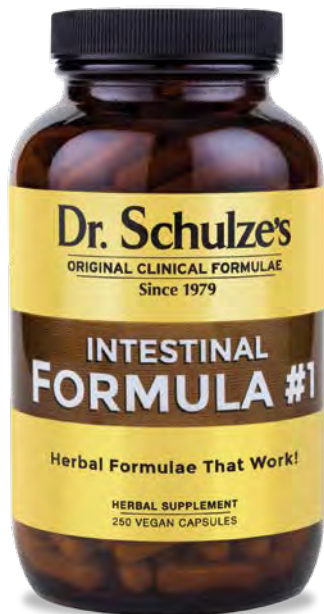

**HerbalMucil Plus** is an organic, high-fiber formula with absolutely no sugars or fillers. Used daily, it will promote easy bowel movements and help maintain regularity.

The **Bowel Flush "SHOT"** is for the times when we overindulge. It will flush the "digestive nightmare" out of your bowel by morning. Plus, the smaller "SHOT" sized bottles make it conveniently portable.

## LIFELONG MISERY RELIEVED!

“I am 81 years old, and since young childhood, I have gone from bowel impaction to bowel impaction. The older I got, the worse it got, to where I would sit on the toilet and cry.

My husband wanted to call 9-1-1 many times. I first used your Intestinal Formula #1, in Sept 2011. After a week, I no longer had a problem since! I can't thank you enough for relieving me of this lifelong misery.”

– *Bobbie B., Lawrence, KS*

## Every Patient!

“Before you can make any type of healthy lifestyle changes, you must make sure that ALL of the elimination channels are open, and that **the bowel is the place to begin**. If you clean your colon first, you should feel great during any health program and vibrant when you are finished. **I started every patient in my clinic on Intestinal Formula #1 – EVERY PATIENT.**”

– *Dr. Schulze*

## **RELIEF FOR MY SON!**

“My son, now a healthy and vibrant five year old, had difficulties moving his bowels right from birth. By the time he was two months of age, he would only have a bowel movement every few days, sometimes a week. We gave him Intestinal Formula #3. It took dedicated therapy over many months to become ‘regular.’ This would have been impossible without IF#3.”

– Pia B., Dayton, OH

## **QUALITY OF LIFE RESTORED!**

“My nephew was having frequent flare-ups. HerbalMucil Plus changed his life! He is now able to participate in activities with his wife and young children. Thanks, Dr. Schulze, for giving my nephew his quality of life back.”

– Masha D., Los Angeles, CA

## **FLUSHES EVERYTHING OUT!**

“A must have product! Don't love the taste. But I love how it works! It flushes everything (and I mean everything) out! It's my “go-to” product when my food program hits the skids and I am living on dough and sugar. Awesome product!”

# The Ultimate Immune Boosters

A healthy and strong immune system can do far more than help you prevent illness. It can be the key to managing stress, sleeping well, and **looking and feeling great throughout a very long life.**

**Never before in the history of mankind have we had so much stress.**

First, there is the PHYSICAL stress from eating more toxic chemicals than ever existed before, and from the highest consumption of junk food, fat, sugar, grease, soft drinks, snacks and candy than ever before. Add to that the physical stress of insufficient sleep and exercise, and you have a recipe for disaster.

Now, add to that the EMOTIONAL stress of every day life. Today, our brains are being

constantly bombarded and polluted with more information in one day than the average person had in their entire life just 100 years ago. My patients were literally run over on the information highway.

Every patient that walked into my clinic was beat up, run down, and worn out, which caused a depressed immune system.

**Building a strong and powerful IMMUNE System is literally the antidote to the negative onslaught of modern living—especially life in the fast lane!**

# Everyone Needs Protection. **Everyone.**

**Weakened immune systems are common in our fast-paced, stressed-out and toxic-ridden society.**

It is dangerous at any time, but especially during the cold and flu season. Protect yourself by supercharging your immune system with the best herbal formulas anywhere! They are more effective than anything you will find in any other health food store.

**Echinacea Purpurea Fields**

**Echinacea Purpurea Seed**

## **Ultimate** Immune Herbs!

The first documented medicinal use of the Echinacea herb goes back to the 17th century with Native Americans. Since then, studies like the German K Monographs, along with many others, have proven again and again that Echinacea is one of the most powerful immune system stimulants in nature.

The potency of Echinacea is based on how well it's prepared. Our Echinacea Purpurea seeds are planted in the ground for a minimum of two years to yield the highest quality seeds. Almost all other herbal companies harvest within a twelve-month cycle.

# Why You Need To **Boost Your Immune System Naturally.**

## **Influenza Virus Is A Killer**

Influenza is the only reoccurring epidemic in America, killing an average of 40,000 American men, women and children every single year, plus many more worldwide. Some years in America, it kills over double that amount. A strong immune system is what protects you. Don't put yourself at risk.

## **Antibiotics Are Useless**

According to the AMA and most medical experts, antibiotics are absolutely USELESS for treating influenza (which are viruses), colds (which are usually also viruses—the rhinovirus) and even upper respiratory tract infections (that are sometimes bacterial). Regardless, antibiotics do not seem to have a positive effect in treating any of them. Worse, antibiotics don't educate your immune system, leaving you susceptible to the same bug over and over again.

## **Flu Shots Don't Work**

There are hundreds of known influenza virus strains and over 200 common ones. They never come alone, and each year we see a new and unique blend of many old viruses, along with some new, mutated ones we have never seen before.

This is why the flu vaccine is truly “psychic medicine”. Since it takes months to manufacture the vaccine, the viral “mix” has to be a guess, a prediction, of what is thought will be arriving the next flu season. To date, NONE of these flu vaccine predictions has ever been accurate to what actually arrived the following season. Worse, the flu vaccine contains many deadly chemicals used to preserve the over 100 million doses that are created each year. Chemicals like mercury, ethylene glycol, carbolic acid, and aluminum. Don't waste your time, or risk your health.

## **Stress Burns Out Your Immune System**

Your immune system's job is to protect you and kill off any “invader” your body comes in contact with. Unfortunately, most of us are dealing with unprecedented levels of stress, a lack of sleep and exercise, and a toxic environment. Modern life causes your immune system to fight a constant, uphill battle that wears your immune system down. Even if you live a healthy life, you need a constant high-level supply of readily available vitamins and immune-boosting herbs.

# Your Guide To The Ultimate Natural Immune Boosters

Get started quickly with this easy overview of Dr. Schulze's Immune products!

The **Cold & Flu Herbal "SHOT"** was first created when Dr. Schulze started pre-blending his Echinacea Plus with his powerful SuperTonic. He then added many other potent herbs, along with a maximum dose of Acerola Cherry juice to give you 1,000% (10 times) your needed Vitamin C, which is a powerful immune booster. It is the **ULTIMATE** weapon to boost immunity.

**Echinacea Plus (ECH+)** stimulates and enhances the overall immune system, and can literally increase the number of immune cells and immune chemicals in the body. It has been scientifically proven to measurably increase

the number of immune cells in your body and the important immune chemicals that combat infection.

# The Cleansers.

Routine cleansing of all your major elimination channels to stimulate, flush, and tone your body is essential for optimum health.

Dr. Schulze's 5-Day Detox programs are designed to cleanse and detoxify your Bowel, your Liver, and your Kidneys. **This is preventative maintenance for your whole body.**

**E**very single one of the 37 trillion cells in your body creates metabolic waste as it functions. Therefore, the constant elimination of this cellular waste is of the utmost importance to PROTECT you and create POWERFUL health.

Every cell relies on your body's "garbage disposal" systems—like your bowel, liver and kidneys—to remove this waste from your body.

When any of these waste disposal systems gets congested, sluggish, or slows down, your cellular waste starts backing up. This is a serious problem.

At first, you'll feel bad, have low energy and headaches, because you are living in a polluted body. When these systems back-up or stop, you become really sick and can even die.

Like preventative maintenance for your car, routine seasonal detoxification is preventative maintenance for your body. It protects you and keeps you strong and healthy.

# 3 Powerful Reasons To Detox & Cleanse Your Body Regularly

A Detox Program not only removes backed-up, accumulated and stored waste, toxins, and poisons from your body, it also keeps you healthier and cleaner by making your body a more efficient elimination machine. When your elimination systems are cleansed, detoxified, and tuned-up, three things happen:

## Problems Go Away

In the first week of medical school, you learn that one of the most basic yet primary functions of the human body is to repair and heal itself. Detoxification is one of the first steps to get all of the accumulated and stored waste out.

Dr. Schulze's bottom line: "There isn't any condition of the human body that isn't helped by getting healthier and cleaner, and a detox is the place to start."

## Again, Problems Go Away

What made Dr. Schulze's clinical approach unique is that he never tried to heal his patients. Instead, he put them on all of his Detox Programs to flush the waste out of their bodies and then helped them to create a very healthy lifestyle—physically, emotionally, and even spiritually. Once the power of these Detox Programs and this new healthy lifestyle "kicked in," they felt renewed, rejuvenated and refreshed. Bottom line: when you get clean and healthy, your body will find problems and get rid of them, resulting in repairing itself and healing itself.

## More Energy, Energy, **ENERGY!**

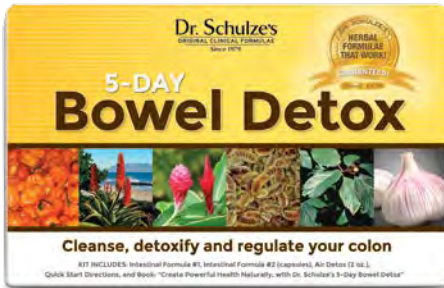

After completing a Detox, one of the most common responses and comments from customers was that they felt years younger, because they now had more ENERGY than they had ever felt in their lives.

The reason is simple. After a Detox, your body is clean, clear, and operates more efficiently. It assimilates nutrition quicker, it eliminates its waste faster, your immune system gets stronger, and every internal organ benefits. All of this contributes to feeling great and having more ENERGY.

There are literally hundreds of reasons why, when you clean up your body and get your elimination organs working more efficiently, you will notice that you have an abundance of (you guessed it)... ENERGY!

## What Products Should I Use For Particular Health Complaints?

A healthy lifestyle comes first! Dr. Schulze always says, “True healing comes from creating a healthy lifestyle, stopping the things you did that made you sick in the first place, and starting new programs of health and wellness, like healthy food programs, elimination programs, detox programs, exercise programs and programs that create emotional wellness. This is true healing!” So work on getting YOU well by adopting these principles, and don’t try to change your life by ONLY using his herbal remedies—change your life by changing YOU! Getting well depends how you live your life, and how you change your life when your life depends on it! Being proactive first is what counts!

Dr. Schulze is not a Medical Doctor. His opinions regarding health and healing are based on his own personal experience and that of thousands of patients that he treated in his clinic over a period of decades. In this listing, we identified different conditions that you might experience. Each is followed by Dr. Schulze’s Herbal Formulas and Programs that he recommends based on his clinical experience. Some conditions have two or more formulas and programs listed. All suggestions are listed in their order of priority, so start with the first formula listed. You may use more than one formula at a time. If you start with one and after a reasonable period of time you do not get the desired results, add the second and then the third recommended formula. Continue to use the first formula when adding the second and so on.

Keep in mind that Natural Healing is based on helping your body do the work it was designed to do. So please use Dr. Schulze’s Foundational Products to get the nutrition IN and the toxins OUT, and build a powerful immune system. Then, add specific formulas as you see necessary.

Dr. Richard Schulze is a world renowned Natural Doctor who opened his first clinic 45 years ago, to help patients with serious health problems beat all odds and get well.

## PERSONAL HEALING MIRACLE

When he was only 11 years old, his father died in his arms from a massive heart attack. At 14, his mother died of a heart attack. They were 53 and 55 years old. At the age of 16, after a year of ill health, medical doctors diagnosed young Richard Schulze with a genetic heart deformity and heart disease. The doctors told him that unless he underwent open-heart surgery, his weak, deformed heart would not be able to pump sufficient blood to an adult body, and he would be dead by age 20. He declined to have the surgery and, instead, made it his quest to discover alternative ways to heal his heart.

Over the next three years, he made radical changes to his lifestyle, immersing himself in literally hundreds of intensive Natural Healing programs. He became a vegan, began an intensive exercise program and literally changed everything that went in and out of his body, mind, and spirit.

After three years, he returned to the same medical doctors who had told him he would die without surgery. This time, they told him his heart had miraculously healed itself.

Dr. Schulze had created his first healing miracle.

## HELPING PEOPLE **LIVE A VIBRANT LIFE** IS HIS MISSION

In 1994, after 15 years of formulating herbal medicines for his patients, Dr. Schulze opened the American Botanical Pharmacy, which manufactures and sells his effective pharmaceutical grade herbal formulas to the public.
