SUMMER 2025 **SPECIAL REPORT**

This July, **Overdo**
Everything –
Especially the Fun

Get outside, have fun,
and live like your health
depends on it— because it does!

More Sex = More Health!

Dear Friends,

It is medically proven that the more sex you have, the healthier you become. And the healthier you become, the more sex you have, and on and on and on. I know this fact, therefore, as part of

my health routine, I have a lot of sex (that's my excuse). And, my urologist says at 73 I have the prostate of a 20 year old.

In the clinic, I had all my female patients with low sex drive focus on getting HEALTHIER first. Once they did that, they started feeling SEXIER than ever before. Health is HOT, my friends! Getting healthy, really healthy, is the best way to supercharge your sex life and start feeling sexy again. It reverses aging and brings your sex drive back on track, even making it better than ever!

And for my male patients who wanted to have more STRENGTH and VITALITY—and better SEX!—I had to remind them that low sex drive and impotence were clear signs of poor health and degenerating vitality. Once they corrected the underlying causes of their poor health, they became more potent than ever, and their sex drives skyrocketed!

What's the Bottom Line? Sex is FUN and it feels GREAT, but most importantly, it creates HEALTH! The benefits of sex have been PROVEN to extend far beyond the bedroom. So come on, it's summer... HAVE MORE SEX! That's an order.

What's in it that makes you feel so aroused?

- ✓ Licorice Root and Hops Flowers, known for stimulating feminine energy, while increasing circulation to your female organs to keep them healthy.
